British Regime Will Nationalize Steel Industry

LONDON (AP) — Queen Elizabeth II told Parliament today that Prime Minister Harold Wilson's new Labor government will nationalize Britain's steel industry, restore rent controls and open the way for the abolition of capital punishment.

The queen formally opened the Parliament elected Oct. 15 with the first speech from the throne written for her by Wilson and his Cabinet. The speech outlined the government's legislative program.

In international affairs the queen promised the government's support of the United Nations and the North Atlantic alliance and other collective defense organizations to which Britain belongs. She said the government would attempt to reduce East-West tensions and

"to encourage further progress toward disarmament."

The queen delivered her speech from the throne in the House of Lords after driving through London in a coach accompanied by a glittering cavalry escort.

Members of the House of Commons, summoned with great ceremony, stood around the edges of the chamber as the queen spoke.

In a key passage she said: "My government will initiate early action to re-establish the necessary public ownership of the iron and steel industry."

This policy is expected to touch off a major parliamentary battle.

Wilson's government has only a five-vote majority in Commons. Sir Alec Douglas-Home's Conservatives and the small Liberal party oppose nationalization of the steel industry.

Clement Attlee's Labor government took the steel industry under state control in 1951 after nationalizing the coal, gas and electric power industries, the railways, the airlines and the Bank of England.

Other nationalization measures of the Attlee regime continue in force, but the steel industry went back into private hands after the Conservative party won the 1951 election.

Kremlin Plans Unity Meeting

MOSCOW (AP) — The Kremlin's new leaders are going ahead with Nikita Khrushchev's plan for an international Communist meeting next month, but instead of setting the stage for a showdown with Red China the emphasis apparently will be on unity.

There have been hints Red China might send representatives to try to find out if there have been any Soviet policy changes since Khrushchev's ouster. Peking had said it would boycott the meeting Khrushchev had called to lay the groundwork for a conference of the world's 90 Communist parties.

A Danish Communist leader who returned home from Moscow Monday told newsmen in Copenhagen Soviet leaders intend to stand firm toward Peking but would try to get back on "speaking terms" with the Chinese.

Split Tickets Big Factor In State Results

DETROIT (AP) — Michigan decided today whether to keep Republican Gov. George Romney for a second two-year term in a general election fraught with potentialities.

For one, Michigan's vote for president, with Democratic President Johnson strongly favored, was almost certain to lead to a volume of split-ticket voting seldom if ever seen in the state.

Weighing in the balance were the effects of Michigan's congressional and legislative reapportionment and Romney's refusal to endorse fellow-Republican Barry Goldwater, their party's presidential candidate.

New Issues Injected

Romney's fight with Democratic Congressman-at-large Neil Staebler for the governorship caused special campaign firing on the virtual eve of Elec-

VILLAGE SWITCHES

At Pointe Aux Barques, a village of 40 at the tip of Michigan's "Thumb," 12 of the 14 registered voters cast their ballots, officials said.

Always one of the first to vote, the traditionally Republican community gave seven votes to Republican Barry Goldwater and five to incumbent Democratic President Johnson.

Pointe Aux Barques cast 11 votes for the team of Gov. George Romney and his running mate, Sen. William Milliken. Democratic challengers for governor Neil Staebler and lieutenant governor Robert Derengoski received one vote.

tion Day in a battle over Romney's summary retirement Oct. 8 of three top National Guard officers.

A heavy vote was anticipated as a result of all these factors, assuming bad weather doesn't interfere.

State elections director Robert Montgomery predicted a vote of from 3.25 to 3.5 million. Michigan's presidential vote in 1960 was 3,318,097. Michigan has 21 electoral college votes.

The polls opened at 7 a.m. (EST) and will close at 8 p.m. Any voters in line at closing time will be permitted to cast ballots.

Cloudy and windy weather for all of the state with a possibility of showers or thundershowers was forecast by the U.S. Weather Bureau. The weather bureau said rain was "not a sure thing."

Johnson Takes State

Most election prognosticators said Johnson would win in Michigan by 300,000 to 600,000 votes over Goldwater.

Ex-industrialist Romney's contest with Staebler, top Michigan Democratic party strategist who made a fortune in real estate, was enlivened on the weekend by the National Guard firings dispute.

Democratic Atty. Gen. Frank Kelley ruled that Romney fired the three illegally. Romney, charging Kelley with "playing politics," said the incident could affect the election. He fired the Guard officers for alleged mis-handling of government land sales and violating rules governing liquor on Guard premises.

Romney and Staebler wound up their campaigns in the Detroit area Monday night.

Both arranged to vote in their home districts — Romney at Bloomfield Hills and Staebler at Ann Arbor.

Facts Hidden In Air Base Massacre, Says Senator

COLUMBIA, S.C. (AP) — Sen. Strom Thurmond, R-S.C., has charged the Defense Department with "suppressing the facts and hiding from the American people the massacre of American personnel" in last Saturday night's attack on a South Viet Nam air base.

Thurmond said Monday he has information that "many more" Americans were killed than were announced and that total casualties were 300 to 400 persons in the Communist Viet Cong's mortar attack on the Bien Hoa air base.

The South Carolina senator declined to reveal his source of information or to say how many of the total casualties were Americans.

Assistant Secretary of Defense Arthur Sylvester said Monday night in Washington Thurmond's first statement on the number of Americans killed "is absolutely untrue."

Later, a Defense Department spokesman said the department would stand by Sylvester's previous comment as regards the number of casualties.

Truman, 80, Out To Vote Early

INDEPENDENCE, Mo. (AP) — Harry S. Truman was among the early voters today.

The 80-year-old former president, carrying a cane, walked to the polling place three blocks from his home and cast his ballot at 6:30 a.m.

Truman, who was released from a hospital Oct. 23 after falling in the bathroom of his home, said he voted a straight Democratic ticket and for all the bond proposals before the voters.

Record 71 Million Vote Expected In U.S. Today

ELECTION RESULTS tonight will be tabulated in this New York center of the Network Election Service, a big pool formed by the AP, UPI, ABC, CBS, and NBC to collectively gather and disseminate election totals for President, U. S. Senate, Governors and members of the House of Representatives. Around the room are private telephone lines to state tabulation centers and in the background is a battery of teletype machines through which totals are sent simultaneously to all pool members. (AP Wirephoto)

Three Contests For Governors In Headlines

WASHINGTON (AP) — Twenty-five governors will be elected today, with the races in Illinois, Michigan and Arkansas getting most of the national attention.

In Illinois, Republican Charles H. Percy, 45, is trying to turn back the second-term bid of Democratic Gov. Otto Kerner, 56.

Percy, a protégé of former president Dwight D. Eisenhower, has endorsed and supported GOP presidential candidate Barry Goldwater but has pointed to differences he has with the Arizona.

Faubus Faces Threat

National interest in Arkansas stems from the fact that a Republican, Winthrop Rockefeller, 52, is given an outside chance to turn aside the bid of Democratic Gov. Orval Faubus, 54, for a sixth two-year term.

Faubus, who won his first term in 1954, has been governor almost as long as Rockefeller, brother of New York's Gov. Nelson A. Rockefeller, has lived in the state.

In Michigan, Gov. George Romney, 56, one of the new faces who scored Republican victories in 1962, is after a second term in the State House.

Romney has not endorsed Goldwater.

Neil Staebler, 51, long a prominent figure in Democratic politics in the state, is Romney's opponent. Currently the state's congressman-at-large, Staebler has been trying hard to tie Romney to Goldwater.

Of the 25 governorships at stake today, 18 are held by Democrats, 7 by Republicans.

Including holdovers, the na-

Court Rejects Sabbath Closing

LANSING (AP) — The Michigan Supreme Court Monday unanimously struck down a state law requiring merchants to halt sales of certain items on either Saturday or Sunday—whichever they choose.

Chief Justice Thomas Kavanagh held, though, that providing one day a week rest is a valid act. He quoted U. S. Supreme Court Chief Justice Earl Warren as saying: "we cannot find a state without power to provide a weekly respite from all labor."

Kavanagh and five other justices on the eight-member court held the law invalid because it unconstitutionally gave counties the power to exempt certain articles of merchandise from provisions of the law.

Justices Michael O'Hara and

Johnsons Will Wait In Austin

JOHNSON CITY, Tex. (AP) — President Johnson planned to vote the straight Democratic ticket — "from the court house to the White House" — at his hill country polling place today.

The President and Mrs. Johnson were to cast their ballots at the brick headquarters of the Pedernales Electric Cooperative, a rural electrification system the chief executive helped establish nearly 30 years ago.

Tonight they will fly by helicopter to Austin, the state capital and Johnson's longtime political base, to await the election returns in a suite at the 100-year-old Driskill Hotel. Later, at a moment he deems appropriate, Johnson will go to the Municipal Auditorium to make a statement either in victory or defeat.

The chief executive fully expects to make a victory statement.

Johnson and Lady Bird spent the night at their ranch home, 15 miles west of here, after winding up their campaign — a family enterprise all the way — with a roaring street rally in Austin.

Thurmond said, "This is just one more example of the administration's suppressing information in an attempt to achieve political gain."

"The government policy," Thurmond said, "is that it is all right to lie to the American people."

The Army has announced that four U.S. Army men were killed and 31 other Americans were

wounded in the attack which also destroyed or damaged 27 U.S. planes. Two Vietnamese air force men were killed and two others were wounded, the Army said.

Thurmond said, "This is just one more example of the administration's suppressing information in an attempt to achieve political gain."

"The government policy," Thurmond said, "is that it is all right to lie to the American people."

The Army has announced that four U.S. Army men were killed and 31 other Americans were

Secret Service To Guard Over Election Victors

WASHINGTON (AP) — With today's election will come an innovation in security precautions — protection of the vice president-elect and his family whether they want it or not.

Thus, under a 1962 law, sometime tonight Secret Service agents will begin guarding either Sen. Hubert H. Humphrey and his family at Minneapolis or Rep. William E. Miller and his family at Olcott, N.Y.

Win or lose, a guard will be kept on President Johnson. If Sen. Barry Goldwater wins the presidency, the guard that has been on him during the campaign will be maintained. If he loses, that guard will be dropped.

Refuge In U.S. Sought By 44 Cuban Citizens

OTTAWA (AP) — Forty-four Cubans are seeking admission to the United States after walking off a Cubana airliner at Gander, Nfld.

Arrangements are being made to fly the defectors to Canadian immigration detention quarters at Halifax, where they will wait until the United States admits them.

The Immigration Service said the Cubans defected after their plane, bound for Czechoslovakia, made an overnight stop at Gander Sunday.

Two Cubans asked for political asylum in the United States Sunday and the other 42 announced their decision Monday. Their plane left for Prague with 36 other passengers aboard.

Among the defectors were Mr. and Mrs. Miguel J. Rosa Galvez, who left the plane with their 2-year-old grandson, Julian de la Rosa. The child's parents, Mr. and Mrs. Jose de la Rosa, defected in September from a Czech airliner at Gander and are still in immigration custody at Halifax.

More than 200 Cubans have defected via Gander, where airlines flying between Havana and Eastern Europe customarily stop. The Canadian government grants the defectors temporary asylum in Canada while they make arrangements to join the thousands of Cuban refugees in the United States.

Spotlight Goes On Congressmen

WASHINGTON (AP) — The people do more than elect a president today — they elect a Congress that can make or break his legislative program.

And, while electing a Congress, they put the political spotlight on men who may figure dramatically and powerfully in presidential elections to come.

Robert F. Kennedy, should he defeat incumbent Kenneth B. Keating for a New York Senate seat, might become a force on which all Democrats would have to reckon in future national conventions.

Not All Roses

In the Republican party, Robert Taft Jr. might reach the same heights of influence and power should he defeat incumbent Stephen A. Young for an Ohio Senate seat.

All mathematical odds forecast a Democratic-controlled Congress after today's vote. That, of course, would mean legislative trouble for Republican Barry Goldwater if he were elected president — as it would for any president if Congress were controlled by the opposition party.

But a Democratic Congress would not necessarily mean all roses for a triumphant President Johnson. Democratic Congresses, in recent years, have refused to accept more than a part of the program tendered by Democratic presidents.

Both sides predict modest gains in the election of 35 of the Senate's 100 seats. Barring a violent upheaval by the electorate, the Senate should maintain

New King Pledges To Push Reforms In Saudi Arabia

DAMASCUS, Syria (AP) — King Faisal, proclaimed Monday as ruler of Saudi Arabia, has promised to speed up economic, social and administrative reforms.

In a broadcast over Radio Mecca, Faisal also spoke of closer cooperation with other Arab and nonaligned nations and promised support of universal disarmament and the United Nations charter. He endorsed self-determination for all "colonized peoples."

Faisal, 60, was named king in a move that summarily dethroned his heavy-spending brother, ailing King Saud.

Mild Weather Helps Boost Polls Turnout

WASHINGTON (AP) — An expected record 71 million voters decide today whether Lyndon B. Johnson or Barry Goldwater should guide the nation through the next four years.

Mild and fair weather, with few exceptions, made it almost certain that the 68.8 million vote total of 1960 would be far surpassed.

The nation's first returns came from the tiny mountain community of Dixville, N.H. Its eight voters, all registered Republicans, finished balloting at 12:01 a.m. EST. The tally: Goldwater 8, Johnson 0.

Picking 25 Governors

While they're picking a president, American voters will also be electing 25 governors, 35 senators, 435 House members and a host of state and local officials.

Right down to the wire, almost every opinion poll and political sign pointed to President Johnson in a walkaway, possibly by the largest popular-vote margin in modern presidential history.

But Sen. Goldwater is used to being behind — he had a long, uphill battle to win the Republican nomination — and he is still hoping for a political miracle.

Both candidates wound up their campaigns Monday night with a pledge.

In his home state, Texas, Johnson said:

"I pledge my total commitment to preserve peace while protecting freedom. I want to reduce the threat of nuclear war — to maintain presidential control over our nuclear weapons — to strengthen our alliances — and to advance the cause of freedom around the world."

Honesty Pledged

In San Francisco, where in July he became the GOP candidate, Goldwater said:

"I pledge to you, no matter the cost, that from the first day I set foot in the White House until the day I leave that I will level with you, that I will give you an honest administration, that I will tell you the truth."

Both took note, at least indirectly, of the polls.

By voting for him, Goldwater said, "you can prove that you still run this country — not the politicians, not the pollsters, not the computers, none of these."

Johnson spoke like a man who thought he had it in the bag. "The campaign is over," he said. "Our work after this election will be to heal the wounds of the campaign and to rebuild the unity of the people."

Both candidates, and both their vice-presidential running mates, made their political reputations here in Washington as members of Congress.

But today they were back where they began, and their home towns had an all-American ring: Johnson in Johnson City, Tex.; his vice-presidential candidate, Sen. Hubert H. Humphrey, in Waverly, Minn.; Goldwater in Phoenix, Ariz., and his running mate, Rep. William E. Miller, in Olcott, N.Y.

Ahead All The Way

As for polls, they put Johnson ahead at the start of the campaign and they kept him in front all the way.

A couple of the national polls wound up this way:

Dr. George Gallup — 61 per cent of the popular vote for Johnson, Goldwater 32 per cent.

Louis Harris — Johnson 62 per cent, Goldwater 35.

If these figures prove accurate, then Johnson would score higher than the 60.8 per cent racked up by Franklin D. Roosevelt over Alf M. Landon in 1936 or the 60.4 per cent by Warren G. Harding over James M. Cox in 1920.

By contrast, the fabulous cliff hanger of 1960 found John F. Kennedy barely edging his Republican rival, Richard M. Nixon, in the popular vote, 49.7 per cent to 49.5.

Yet in the end the popular vote is meaningless, even though the candidates yearn for every one they can get. In our federal system, winning the states is what counts.

If a candidate wins a state, by no matter how small a margin, he picks up all its electoral

Kiwanians Hear Weather Talk

"In the not too distant future we will have a weather station in Escanaba," predicted S. E. Decker, retired local meteorologist, in a talk at the Escanaba Kiwanis meeting Monday.

Decker recounted events leading up to the closing of the weather bureau in Escanaba, and noted some of the milestones of the service here since weather observations were first started in 1871. The Weather Bureau came into being in 1890 under the Department of Agriculture, and the Escanaba station was opened in 1898. Harvey Spindler, who died several years ago, was stationed here the longest in point of service, serving from 1914 to 1935. Decker became meteorologist here in 1951.

A weather service at the local airport was under consideration prior to the closing of the Escanaba Weather Bureau last year, and it is probable that Escanaba would have kept its weather service if the airport installation had been effected, Decker said. Steps are being taken privately to sponsor a complete weather reporting bureau here, he declared.

Commenting on local weather, Decker predicted a warm opening for the deer hunting season, with temperatures above normal for the next month.

The program Monday was arranged by Ted Gajewski, newest member of the local club.

Suggestions Win USFS Awards For Two Workers

A certificate of appreciation and cash awards of \$25 each were presented to Patricia Teige and Willard Holup of the Hiawatha National Forest, U.S. Forest Service, Escanaba recently.

Miss Teige's work improvement suggestion proposed moving the address block on a form so that window envelopes may be used. Holup proposed to standardize the size of envelope forms which are used for scale records.

Miss Teige resides in Escanaba, and is a clerk-typist in the supervisor's office in Escanaba. Holup resides in Gladstone and serves as timber resource clerk in the supervisor's office.

THE BROWNIES are the younger sisters of the Girl Scouts, and like all Girl Scouts they enjoy a variety of projects and programs of learning and recreation and service to others. The Girl Scouts of Delta County are financed by the public as a member agency of Delta United Charities. (Daily Press Photo)

Delta Charities Aid Girl Scouts

Delta County Girl Scouts are one of the eight local agencies whose program is financed by public contributions to Delta United Charities, a county-wide fund raising organization with a goal of \$50,000.

The goal of Delta United Charities is the same as last year, and the member agencies of DUC besides the Girl Scouts are:

Boy Scouts, Camp Fire Girls, School for Retarded Children, Child Guidance Clinic, Bay Cliff Health Camp, Salvation Army, and the Red Cross.

Training Project
The funds allocated to the Girl Scouts is used for a variety of purposes that go toward making Girl Scouting a well-rounded program with the help of trained leadership.

Mrs. Evelyn Mench of Chicago was here the first part of October to train leaders in the different levels of Girl Scouting. Training conferences are held at different times in different cities and leaders and Delta County Girl Scout Council members are able to attend.

The Girl Scout Roundup which will be held in 1965 in Idaho will be attended by three Scouts from Delta County. This is the first time girls from this area will attend and they have to undergo rigorous training in order to compete with the some 8,000 other Girl Scouts from all parts of the world. Funds from the DUC are used for this training.

To help leaders and facilitate bulletins and supplies, an

M. M.

office is maintained in Escanaba. Each leader receives a set of books for her troop and bulletins are issued to acquaint the leaders with coming events and news of other troops.

The Delta County Council is a far reaching Council, reaching girls and leaders in Rock, Perkins, Ford River, Soo Hill, Gladstone and Escanaba. There

are 266 Brownies, 363 juniors, 121 Cadettes and 16 Senior Scouts, with 82 leaders in the Council who are all helped by contributions to the DUC. It is hoped to reach more girls when more troops are formed.

The Girl Scout organization is starting its 53rd year and the program broadens each year. Girls are given an insight to nature, camping, homemaking, friendliness and love for girls all over the world. They are willing to help in community projects and give service where it is needed.

Garden Corners Resort Under New Management

GARDEN — Birch Harbor Resort at Garden Corners is under new management. Mr. and Mrs. William Avery of Mancelona purchased it recently from Mr. and Mrs. Arthur Schuman. The Schumans who built and operated the resort for the past 15 years and who also have been engaged in the restaurant business in California retired and now reside in Boulder City, Nev.

Bill and Laura Avery owned and operated the Avery Restaurant in Mancelona for the past 18 years. They have three children and 17 grandchildren. Their restaurant will continue under the same name since the business was sold to their son, Charles.

Library Posts

LANSING—Mrs. Fannie S. Noonan has been named director of the Consultant Division of the Michigan State Library and Helen E. Kremer director of State Aid and assistant director of the Consultant Division. Genevieve M. Casey, state librarian, announces. Mrs. Noonan succeeds Miss Louise Reese who has retired to teach at Bowling Green, Ohio.

Briefly Told

The Citizens Safety Advisory Committee will meet Wednesday at 7:30 p. m. in the Council Chambers.

North Star Lodge meeting will be held at Odd Fellows Hall Thursday, Nov. 5, at 6:30 p. m. A special lunch will be served prior to the meeting.

Fraternal Order of Eagles will have a semi-monthly meeting this evening in the club rooms for discussion of important matters.

Delta Lodge No. 195 F&AM will hold a regular Communication at the Masonic Temple at 7:30 p. m. Wednesday, Nov. 4. Lunch will be served. Visiting Masons are invited to attend.

Catholic Information series topics for this week are: Tuesday, "The Sacrament of Penance: Freedom in Christ"; Thursday, "Holy Eucharist, the Body and Blood of Christ." The meetings are held in St. Anne's Hall from 8 to 9 p. m.

St. Patrick's Athletic Association, which is sponsoring the appearance of the Harlem Globe Trotters here Nov. 21, will meet tonight at 7 at St. Patrick's School to make plans for the event and all persons willing to "lend a hand" are asked to attend.

Dr. Alfred Gossan left Monday to attend the fall educational seminar of the Michigan Optometric Assn., in Grand Rapids. Tonometry and carcometry in detecting glaucoma, brain lesions and other pathology will be covered by Dr. Lin Moore of Muskegon, Okla., and Dr. Paul Shulman, Chicago; crossed-eyes and visual training by Drs. K. Steward and Jay Dean, both of Michigan.

Reino Kauranen will teach in the English Department of Suomi College, Hancock, after serving as superintendent of the Rock River Township School District. In addition to teaching in high schools in the Upper Peninsula, Kauranen formerly served as registrar at Suomi in 1957-58. After attending Suomi he received a B.A. degree from Northern Michigan University and a M.A. degree from the University of Michigan.

Protestants To Give To Relief

Protestant congregations throughout the United States will be asked to contribute \$1,073,850 during the Thanksgiving season to finance the annual Share Our Substance program through which millions of needy persons overseas receive life sustaining food.

Church World Service, the overseas agency for the National Council of Churches of Christ, announced that during 1965 approximately one third billion pounds of foodstuffs donated from U. S. Government stocks, and valued at \$18 million in addition to 5 million pounds donated by the Christian Rural Overseas Program (CROP), will be sent to areas of acute need in many parts of the world. Church World Service conducts programs of relief and rehabilitation in 42 countries in Africa, Asia, the Near East, Latin America and Europe.

The big Protestant agency works closely with the Division of Inter-Church Aid, Refugee and World Service, its counterpart branch of the World Council of Churches with headquarters in Geneva, Switzerland.

Legion Auxiliary Meeting Tonight

RAPID RIVER — The American Legion Auxiliary will hold a regular meeting this evening at the Rapid River Legion Post.

Dues should be paid at this meeting.

The 11th District rehabilitation chairman will speak on the Christmas gifts to be brought to the Veterans Hospital at Iron Mountain. Plans are to be completed for the annual venison feed which will be held Nov. 21. Lunch will be served.

DELTA COUNTY Republican Chairman John Walbridge has one of his big laughs of the campaign. The car which Percy Rosemurgy of Northern Motors supplied for Governor Romney when he visited Escanaba in his flying campaign bears a "Percy For Governor" sticker. Charles H. Percy is trying to unseat Democrat Otto Kerner as governor of Illinois but the joke, suggests Walbridge, has a "Rosemurgy For President" quality. (Daily Press Photo)

CLASSIFIED ADS

U.P. Forests Hit By Fewer Fires This Year

Twelve fires burned 53.9 acres in the Upper Peninsula state protection area for the week ending Oct. 31, according to Karl Kidder, assistant regional law and fire supervisor, Department of Conservation, Marquette.

Five fires were in the Baraga district; four in the Crystal Falls district; and one fire in the Escanaba District, comprised of Delta, Marquette, and the west one-half of Alger Counties. To date the Escanaba District has had 95 fires burning 174.7 acres. There were two fires in the Newberry district.

A total of 377 fires have burned 1200.2 acres in the Upper Peninsula to date. Last year at this time, there had been 479 fires reported burning 2390.8 acres.

RECORD SHIPMENTS for one boat is believed on its way to achievement by the Inland Steel ore carrier P. D. Block, shown at the C&NW dock here on trip number 51 so far this year. Before the season ends the Block may haul more than one million tons of ore, largely from Escanaba. (Daily Press Photo)

City To Open Bids Thursday

The Escanaba City Council will open bids for a truck-plow, light truck, and heavy duty truck at its meeting to be held at 8 p.m. Thursday in the City Hall.

Public hearing and adoption of an ordinance to amend the zoning from Residence B to Residence C to permit multiple dwellings in a one-half block area, site of the former St. Anne's Church, will be held. A prospective purchaser proposes the construction of an apartment building.

Further consideration of the appointment of a citizen committee on natural gas; consideration of a request from Al Jacques to operate an air taxi service at the Escanaba airport; and four requests relating to liquor licenses are scheduled.

A request for extension of time by F. J. Siller & Co., sanitary sewer contractor; appointments to an Escanaba committee on aging; and authorization to reimburse consulting engineers Black & Veatch in the amount of \$557 are also on the agenda.

Newspaper want ads are a big sell! Eight hundred million was spent on classified ads last year... more than for all television spot announcements or radio advertising.

C&NW To Top 6 Million Tons Of Ore In '64

The Chicago & North Western Railway Co. will ship more than 6 million tons of iron ore from Escanaba this season, of which nearly 2 million tons will be pelletized.

New records are being set as the season advances, and one of these may be a record tonnage for any one ore carrier of the Great Lakes ore fleet for any season. The boat is the Philip D. Block of the Inland Steel Co., which has made its 51st trip to Escanaba so far and will return for additional cargoes before the shipping season ends.

The P. D. Block has carried or will shortly carry a total of one million tons of ore — mostly from Escanaba. In addition to her cargoes from Escanaba, the Block has loaded several times at Lake Superior iron ports.

To Hit 6 Million
Certainly another record (which perhaps will fall with the shipping season next year) is the volume of pelletized ore handled by the North Western over its ore line and through the pockets of the big Escanaba ore dock. Pellet ore is being received here from the Empire mine near Palmer on the Marquette iron range, and the Groveland mine near Iron Mountain.

Last year to Nov. 1 the North Western had moved out 629,837 tons of pellet ore, all from the Groveland plant owned and operated by the M. A. Hanna Co. To a comparable date this year the pellet total is 1,741,454 tons — almost triple that of a year ago, reported L. A. McMillan, the North Western dock agent.

"We expect to hit the 6 million tons mark before the season ends," the dock agent said. "Of this total close to 2 million tons will be pelletized ore. The movement of ore will be heavy here right up to Nov. 20 before there is any tapering off."

Pellet Ore Grows
October shipments at Escanaba in total was 924,569 of which 268,509 was pellet ore. Of the pellet ore total, 159,662 came from the Groveland mine and 108,847 from the Empire mine. The latter operation is new, began production early this year, and is operated by Cleveland Cliffs Iron Co. for its group of owners. That it has achieved almost the same shipment total here for the season as Groveland indicates its potential.

The shipments by the North Western out of Escanaba to Nov. 1 totals 5,483,932 compared to 4,463,676 to this same date a year ago.

The shipping season will continue here at the only iron port on Lake Michigan to about mid-December. The last ore carrier of the 1963 season cleared Escanaba harbor on Dec. 16.

Student Council Meet Saturday

Between 300 and 350 members of high school student councils and their advisers will meet in Escanaba on Saturday at Holy Name High School for the annual citizenship conference and meeting of Division of the Michigan Association of Student Councils for Upper Peninsula high schools.

This conference is sponsored by the University of Michigan and Dr. Neil Lamphere, associate professor of education at Western Michigan University, Kalamazoo, will be the main speaker. Consultants will include Don Weaver, University High School, Kalamazoo; and William O. Gildorf, U-M Bureau of School Services, Ann Arbor.

Through general sessions and small group sessions, the conference will concentrate on the topic of "Values and Leadership."

Registration will begin at 9:30 a.m. and the conference will close at 3:30 p.m.

Three Contests For Governors In Headlines

(Continued from Page 1)

tional lineup now is 34 Democrats and 16 Republicans.

In Texas, Gov. John B. Connally, one of President Johnson's closest personal and political associates, is seeking a second term, and political observers give him a clear edge.

Opposing Connally, 47, who was wounded in Dallas last Nov. 22 when President John F. Kennedy was assassinated, is Republican Jack Crichton, 48, a Dallas oil man.

In Arizona, Richard Kleindienst, 41, a Goldwater field director before the San Francisco convention, seeks to succeed another close friend of Goldwater, Paul Fannin. Fannin is running for Goldwater's Senate seat.

Kleindienst's Democratic opponent is Sam Goddard, 45, Harvard-educated Tucson attorney.

Mild Weather Helps Boost Polls Turnout

(Continued from Page 1)

votes. That explains why so much time is spent wooing the populous states: New York, with 43 electoral votes; California, with 40; Pennsylvania, with

29; Ohio and Illinois, with 26 each, and Texas, with 25.

Magic Number 270

The magic number for election: 270 electoral votes.

All presidential campaigns provide a bewildering, and sometimes dizzying, swirl of issues, on the theory that no voter's likes or dislikes or prejudices should be overlooked.

If this campaign had a central

theme it probably was this: Should this nation have a large, centralized government, with a strong presidency, or should the power rest more with state and local authorities?

Goldwater constantly hammered on this issue.

"This (Democratic) administration, no matter how you slice it," he said, "wants to pass solutions on to the people from Washington. It is Washington-

centered, not state-centered, it is bureaucracy-centered, not individual-centered."

Johnson repeatedly insisted that the federal government had a job to do.

"A responsible government," he said, "will not turn its back on workers whose jobs have been taken over by machines." Nor will it turn its back, he said, on poverty or education. From here a flock of issues

emerged: morality in government, war and peace, civil rights, crime in the city streets, nuclear control, communism, Cuba, the Supreme Court.

Aside from the issues, each side tried to show, either openly or covertly, that the other side's man simply wasn't fit for the White House.

Steel barbed wire for fencing first was developed in 1874.

Fur Farming

The U.S. Department of Agriculture is increasingly involved in the recreation business. It reasons that now that American farmers can produce more food than they can sell at home or abroad, they must have some other outlets for their spectacular talents of production.

Recreation is one of these avenues. "When a dozen fishworms sell for more than a dozen eggs, we feel that farmers are missing an important market unless they provide them," Tom Pattison, Wisconsin state director of the Farmers Home Administration, told the Northern Great Lakes Resource Development Committee in Rhinelander, Wis., recently.

So we can look for more farm ponds, more farms with hunting cabins, farm golf courses, shooting preserves and trout waters as farmers look to recreation for income that becomes harder to get from the food and fiber market. Prof. Louis Twardzik of Michigan State University has said that the next decade should bring a considerable advance in the provision of recreational facilities by private enterprisers to compete with those provided by government in its public parks, bathing beaches, forests and other open spaces.

Another activity open to northern farmers is fur farming. This is an important industry in the Upper Peninsula of Michigan, which supplies about 45 per cent of Michigan's production of mink pelts. In 1963 Michigan produced 350,000 mink pelts to rank 6th among the states in this industry. Wisconsin was first with 2,214,000, for 31.2 pct. of the national total compared with Michigan's 4.9 pct.

The Upper Michigan Mink Breeders Association recently was urged by David Henderson, executive secretary of the National Board of Fur Farm Organizations, to work for repeal of the 10 per cent luxury excise tax on furs. The tax, he suggested, not only works against mink sales by adding to the cost of fur pieces, but it has a strong psychological influence.

Even talk of repeal is harmful, he suggested, because it reminds the public that it gets no fur for one tenth of its expenditures on furs. And the mink industry has been to Congress so often without tax relief that it is hesitant to keep up its clamor because of the depressing effect on sales, but it is convinced of the merit of its cause.

The industry has made great strides in research with the aid of agencies like Michigan State University and the Michigan Department of Agriculture's Division of Veterinary Medicine, but it has lots of problems besides excise taxes. It is now producing the finest mink in the world in a wide variety of colors, but profits are slim. U.S. mink averaged \$18 at auction in 1963 but from this more than \$1 in brokerage and other fees must be deducted and the result is near the cost of production, according to Henderson.

Michigan mink ranchers worry about imports and their impact on the U.S. market. Fortunately, because of their poorer quality, most of them go to the garment trade for trim, but 4.4 million mink were imported into the U.S. in 1963 and only one million exported.

A mink stole may be a luxury item for a lady in New York, but it's a bread-and-butter business to mink farmers in the Upper Peninsula. They would not argue that a mink stole is not a luxury item—when they cease to be that the prices will reflect it—but they would assure Congress that mink are just as irascible as ever (even tranquilizers don't help much) and that a serious agricultural enterprise with large investments and substantial taxation is engaged in producing the finest mink pelts in the world.

What Death Tells

The death of William J. McCauley of Milwaukee recently has shown the measure of a man of whom his home city of Escanaba can be proud. The long time—he was seeking office for the 11th time—district attorney of Milwaukee County was the son of the late Captain and Mrs. Charley McCauley of Escanaba and a brother of Mrs. Michael B. Jensen of Escanaba. He was graduated from Escanaba High School, served in the Navy in World War I and received a law degree later from Marquette University, Milwaukee.

After serving as assistant district attorney he was elected to the office 10 times. His fine performance can be judged from the regularity with which Milwaukeeans returned him to office.

Delta Prosecutor Nicholas Chapekis had another measure of the man. "He was before my time here," said Chapekis, "but as prosecutor I had frequent occasion to call on his office for assistance and it was always forthcoming, immediately, and completely. He helped us find runaway boys and deserting husbands. 'I'll put Detective So-and-So on it,' he'd say and we'd usually get a call back the same day. He had a deep feeling for his home city and nothing was too much bother if it helped Escanaba, but I'm sure he regarded all requests for aid in the same way.

"I saw him at national meetings of prosecuting attorneys in Phoenix and Miami and elsewhere and he was a national leader, along with persons like Frank Hogan of New York. He was a really good DA."

His aid to youth was beyond calculation. He insisted that parents come to his office with children who were in trouble with the law. He was a promoter of the Reciprocal Enforcement of Support Act which brings errant husbands into line without imprisonment. He was much honored for outstanding public service.

He was one of the great ones.

Cheaper Food

Without advancements in agricultural technology, Americans would be starving within the next 10 years.

If science and technological developments had come to a halt in 1956 and yields continued the same to 1975 at the 1956 rate we would need 200 million more acres of cropland in the next decade to feed the increasing U.S. population.

But we do not have 200 million more acres to convert to agriculture. Fortunately, we won't need them because of rising productivity on American farms.

Take Michigan, for example. L. M. Turk, director of Michigan State University's Agricultural Experiment Station, reports that the average wheat production in the state was 34 bushels per acre in 1959-63. By 1980 the average will likely be 48 bushels. The story of Michigan corn is essentially the same, 62 bushels in 1959-63, and 96 bushels by 1980.

Turk says the average Michigan farmer today produces enough food for himself and 28 other people. Yet, this farmer will have to become even more efficient in the years ahead if our present diet of plant and animal food is to be maintained. Dollars spent for research will keep our nation producing food at a reasonable cost.

"Let Us Continue!"

Washington Comment

By RAY CROMLEY
WASHINGTON — (NEA) — Some government Kremlinologists have been studying the past attitudes of the men in temporary control of the Soviet Union.

The tentative conclusions: The ruling group is composed of men who in the past have been more inclined than their colleagues to experiment—both in economic and in foreign affairs.

These men, on the whole, have tended more toward foreign adventures than other members of the ruling Presidium. But they've been more inclined to back down in the face of strong pressure.

This was the same group, in essence, that in the fall of 1962, advised Nikita Khrushchev to take his offensive missiles out of Castro's Cuba under U. S. pressure.

These men have been strongly against Red China's approach to foreign affairs. But they have been anxious to avoid an open showdown which could injure the chances of Soviet leadership in the underdeveloped nations.

They've argued for more flexibility in foreign affairs and for cutting off foreign aid and foreign alliances with local leaders when these alliances have proved "unprofitable" to the Soviet Union.

Internally, these men have favored a stronger direct rule by Communist party officials.

They have wanted to get deeper into actual day-to-day management of industry and

agriculture, rather than picking others to run these affairs. They have wanted party men up and down the line also to take this same more-active role.

In recent years under Khrushchev there has been a tendency to somewhat separate party work and economic management. In practice, this has resulted in a trend to replace party bosses with technician-managers on the working level and to relegate party bosses to positions where they set policy and picked the managers.

The majority of those now in power have advocated some recognition of profit and loss in economic matters. What they favor is a far cry from competition and free enterprise. It's more like profit-making under wartime conditions with price control and rationing.

These men, however, do seem to favor:

- Giving factory managers more say in running their own plants.
- More material incentives to farm and factory men who do well, instead of relying so heavily on ideology and propaganda to increase output.
- Rewards for some kinds of successful risk taking.

Reportedly, these present Kremlin bosses also are more inclined to increase the amount of production for consumers on the theory that "you cannot attract people to communism by asking them to sit down at an empty table."

The Doctor Says:

Dizziness Sign Of Disease

By Dr. Wayne G. Brandstadt
Q— I have Meniere's disease. Will it ever go away? Does living at a high altitude make it worse?

A— Meniere's disease usually occurs in persons in their 40's but it may occur earlier or later. It causes attacks of dizziness and ringing in the ears. A varying degree of deafness is also present.

In some victims the attacks are mild and clear up in time; in others they grow progressively worse. This variation is because the cause includes such unrelated disorders as an acute infection anywhere in the body, anemia, an over-active thyroid, multiple sclerosis, a head injury and various forms of poisoning. There is no evidence that altitude influences the attacks.

Many remedies have been tried. Where simpler measures fail an operation to destroy the nerve endings in the inner ear may be necessary for relief. Recently the ear specialists have been using ultrasound to accomplish this purpose. This has the advantage that the rays can be more accurately directed to the small area to be destroyed without damage to the surrounding tissues. As a result some hearing and a better sense of balance can often be preserved.

With either method there is some danger of damage to the facial nerve thus causing facial paralysis. This is usually temporary, however. Most victims of Meniere's disease consider it a small price to pay for relief from their dizziness.

Q— I have been using lindane as a bug killer in a dry vaporizer. Are these vapors harmful to a human being?

A— Like many of the new insecticides lindane is a power-

ful poison. It is readily absorbed through the skin and by breathing. Its poisonous effects appear within an hour. It may cause vomiting and muscular spasms. Read the directions on the package carefully and follow them scrupulously. Never transfer any of your supply to an unlabeled container. Be sure to keep the poison away from children and pets. If poisoning occurs call a doctor and tell him it is an emergency.

Questions And Answers

Q— Do the two seated marble figures that guard the entrance to the United States Supreme Court have any special representation?

A— The female figure at the left represents "contemplation of justice." The male figure at the right is the "authority of law."

Q— Is the famous Hope Diamond on display to the public?

A— The fabulous gem is on public view in the Smithsonian Institution, Washington, D. C., to which it was donated in 1958 by the New York jeweler, Harry Winston.

Q— In what country did department stores originate?

A— In France, about 1860.

Q— What annual sporting event in the United States can boast the largest paid attendance?

Q— What is the oldest white settlement in North America, north of Florida?

A— Annapolis Royal, Nova Scotia, founded by the French in 1605.

Memory Lane

By J. R. LOWELL
Ten Years Ago

Today is election day. The weather is cold and inclined to be blustery, but not adverse enough to affect the voting in any respect. A vote of 2,100,000 in Michigan is deemed likely.

William S. "Pop" Skellenger, 77, beloved by a generation of Gladstone sports fans, died this morning at Battle Creek, where he had moved to live with a son.

Rock has launched four Boy Scout patrols: the Pine Eagle Patrol, headed by John Seppanen; Daredevil Patrol, led by James McIntyre; Coyote Patrol, Michael Kennerly; Panther Patrol, Butch Kuskinen.

Extensive repairs on the ore docks, which will cost up to \$300,000 and employ 200 men are promised by the North Western Railway.

Two Gladstone men, Pvt. Roy Kress and Jerry Tretin, brothers, were wounded in action and each have received a Purple Heart medal, according to recent dispatches.

Dr. Don Charles DeVault, former instructor at Stanford University, now detained as a conscientious objector at the Gernfask camp, is causing a furor at the place by refusing to do minor chores assigned him by officers in charge.

Emil Vietzke, 23, of Rapid River, was instantly killed by the accidental discharge of his hunting rifle. The accident happened yesterday while he was riding alone in his light truck. The bullet entered the right ear and came out of the top of his head.

Bids are to be let today from the State Highway office for concrete paving of Highway U. S. 41 from Menominee to Wallace.

Rock's very successful high school football season came to an abrupt close today. The school decided to cancel its last game with Northern State Freshmen. The squad is so small and injuries had shrunk the list of eligibles, so the decision to call it quits was a show of good sense.

So They Say

The American people can rest assured we have taken every step man can devise to insure that neither a madman nor a malfunction could trigger nuclear war.

—President Johnson.

Modern weapons make it clear that the penalties for any lapses of vigilance and misuse of power that have marred history are now prohibitive.

—Gen. Curtis LeMay, Air Force chief of staff.

Free scholarship and criticism of our open system of ideas permits the best of every diverse theory to be tested in the marketplace of thought.

—Chief Justice Earl Warren.

"We should get away from the feeling that the country and the government owe any citizen anything. This country doesn't owe us a damn thing—not any one of us."

—Sen. Barry Goldwater.

I am not in favor of turning out the lights at City Hall. We operate enough in the dark as it is.

—New York Councilman Theodore R. Kupferman, on municipal economics.

Khrushchev Has Sclerosis, Says Moscow Visitor

COPENHAGEN (AP) — Denmark's Communist party leader has returned from Moscow and said he understands Nikita Khrushchev is suffering from sclerosis.

Knud Jespersen, chairman of the Danish Communist party, added that the former Soviet premier is not receiving visitors because of his illness.

Jespersen made his remarks in a radio interview shortly before holding a news conference to announce the results of his fact-finding mission to the Soviet capital.

The dictionary definition of sclerosis is: "induration (hardening) produced in an organ by increase of its interstitial connective tissue; also degenerative replacement of tissues of the spinal cord or brain by neuroglia (tissue which fills the interstices and supports the essential elements of nervous tissue, especially in the brain, spinal cord and ganglia)."

Khrushchev is 70.

Letters To The Press

Contributions are welcome. They cannot be over 300 words and must be signed with name, address and phone number of writer and names will be used. The right to condense letters is reserved.

Inez Edmark of Washington, D. C., wrote to the Rev. Karl J. Hammar after publication here of a recent letter by him:

I have been subscribing to the Escanaba Press recently and I want to tell you how very pleased I was to see your letter to the editor last Saturday. It said so beautifully what I have been feeling.

When I heard Mr. Johnson's words which you quoted my blood ran cold, but I have been frightened even more by the apparent lack of concern on the part of the people. It seemed to me that everyone in the country should be screaming in protest.

Of course the press and television are so slanted in Mr. Johnson's favor it is hard to know what people are really thinking. Washington's residents are voting for the first time this year and even though the Republicans are a small minority here, I've volunteered to help them in whatever small way I can just to feel that I have done something.

The last emperor of the Manchu Dynasty, His Imperial Majesty Hsuan Tung, now is called Pu Yi and is a gardener in Peking's Botanical Gardens.

Ann Landers Lunatic Turns Night Into Day

Dear Ann Landers: Your reply to "Brick Wall" set my teeth on edge. You must be a nut.

Have YOU ever gotten up at 3:00 A. M. to cook a man supper? I know darned well you haven't. So quit telling other women to do it.

I was married to one of those lunatics who turned night into day. He worked every cockeyed shift in the book and I was supposed to adjust my life to it. As if that wasn't enough he'd go on fishing trips, come home at 4:00 a.m. half-crocked and expect me to get out of bed and clean the fish "so they won't spoil."

Most men who work graveyard shifts have a screw loose. They live by night and sleep by day. I say "Fine" if that's what they want, but they have no right to impose their nutty days on others. Then YOU come along and stick up for them. Why don't you write a travel column and take a nice long trip? — MAD AT YOU.

Dear Mad At Me: You aren't the only one. I haven't received such a pasting since I told the women to pick up their husband's sox and wet bath towels and stop nagging. Even some men wrote to tell me I was crazy.

I still say a husband is entitled to a hot supper and his wife's company when he gets home from work no matter what the hour — if he wants it.

Dear Ann Landers: My steady boy friend just gave me my engagement ring. This means I must go to a doctor for a pre-marital physical examination within the next several weeks.

I don't mind going a doctor to have my throat painted or to get a flu shot, but the thought of a complete physical exam by a man makes me sick to my stomach.

Please, Ann, don't tell me that I'm afraid of men and to get over my prudishness before I marry or I will be in trouble. The truth is, my boy friend and I have already done things you don't approve of — so it isn't that.

And don't tell me to go a woman doctor. There is no woman physician in this city.

I want to overcome this terrible feeling, Ann, because I'll be faced with it again when I have children. Can you help me? — THE SHAKES.

Dear Shakes: I don't know who you think you are or what you think you have that is so

special, but this I can tell you: to that doctor you are just about as sexy as the cadaver he worked on in med-school. A nurse will be present, plus several sheets, and you will discover the anticipation is 1,000 times worse than the actual experience.

Dear Ann Landers: I was appalled by the letter from "Corky" the farm wife who rattled off the long list of things she accomplished between dawn and dusk. "Cooky" casually told you she puts the baby on her lap when she drives the tractor. Please, please, please, Ann, tell her to stop taking such terrible chances with her child. Any farm safety expert will tell you it is a risky practice. If you only know how we farmers are pestered by visiting kooks who want to give their small children a tractor ride — as if it were a feature at an amusement park. I hope you will print this letter for one and all to see. — SPRING-FIELD.

Dear Springfield: Here's the letter, and now all you folks who may be giving kids tractor rides — cut it out. The man says it's risky — and I would take his word for it.

A N N LANDERS' booklet, "How To Be Date Bait," gives sound and solid rules for teen-age dating. To receive a copy, enclose with your request 20c in coin and a long, self-addressed, stamped envelope.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper enclosing a stamped, self-addressed envelope.

BARBS

In the spirit of downright meanness we can tell you that income tax forms are being printed right now.

They surely must teach public speaking in barber colleges.

Every time we think of high winter goloshes for kids we feel sorry for mom.

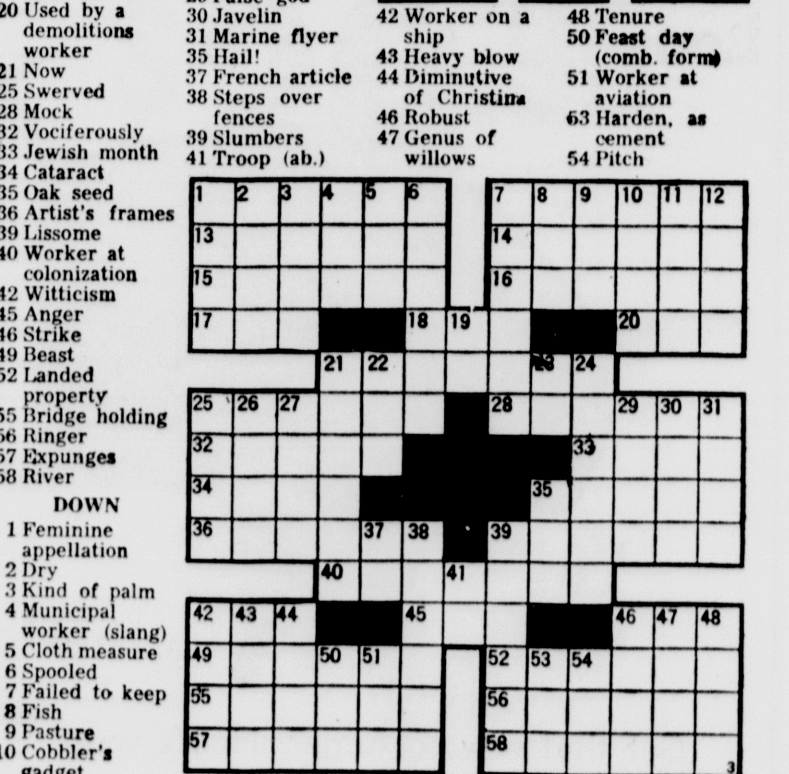

When a person is unkind to a dumb animal, which is the dumbest?

DeCormier Singers In Opening Concert Here

The Robert DeCormier Folk Singers, an electrifying new group of fine mixed voices with varied instrumental accompaniment will open the 1964-65 concert season here Wednesday evening, Nov. 11.

With Mr. DeCormier conducting, this group of 12 men and women vocalists and three instrumentalists will perform at the Escanaba Area Senior High School gymnasium under the sponsorship of the Delta County Community Concert Association.

The DeCormier Singers bear the stamp of the theatrical know-how and the musical good taste of the founder, Robert DeCormier. He gained national-wide fame as arranger and conductor for the celebrated Harry Belafonte, both for his personal appearances and his recordings. The formation of this, his own group, is the natural outgrowth of his experience with the Belafonte Folk Singers.

"They are an entertainment miracle," reported Billboard magazine after the DeCormier Folk Singers made their bow in New York. Other trade papers concurred and as the Singers completed a 50-city tour in the United States and Canada, audiences outside New Yorkers in their enthusiasm.

In Detroit, the News hailed their "delicacy, spontaneity, beauty," and continued, "The voices are strong and well-balanced. Their phrasing and the use of effective lighting techniques are handled as sensitive complements to the songs."

As a result of the resounding success of this initial tour, the group is making a coast-to-coast tour in the United States and Canada this season.

Over 800 memberships support the four-concert Community Concert program this year. Any newcomers who were not here for the annual membership campaign last May may call Conrad D. Beck, Association president, at ST6-1054, for information regarding the possibility of membership.

Curtain time for the DeCormier Folk Singers will be 8:15 p. m.

Central WSCS Meets Thursday In Church Parlors

Central Methodist Woman's Society of Christian Service will meet Thursday, Nov. 5, at 2:30 p. m. in the church parlors.

In recognition of the Thanksgiving season, the hymns and responsive reading will stress the Thanksgiving theme, as will a short story, entitled, "Much Obligated, Lord."

The Rev. Robert Selberg, pastor, will speak on the camping program of the Methodist Church, his special responsibility in the Upper Peninsula.

Hostesses for the social hour will be Miss Hilma Larson, Mrs. Emil Ahlin, Mrs. David Goertzen and Mrs. Alvin Martinson.

The meeting is open to members and friends.

Note to new cooks: "parboil" means to immerse food in liquid (usually water) and partly cook.

Women's Activities

Bethany Church Women Units Meet Thursday

Mrs. Wayne Anderson (Ridings Photo)

Miss Croasdell, Wayne Anderson Exchange Vows

ROCK—Miss Patricia Lee Croasdell and Wayne William Anderson were united in marriage Saturday, Oct. 24, during a 2 o'clock ceremony at the Rock Bible Chapel with John Small officiating.

The new Mrs. Anderson is the daughter of Mr. and Mrs. Francis Croasdell, Rock Rte. 1. The bridegroom is the son of Mr. and Mrs. Ernest Fosterling, Rock Rte. 1. Marilyn Small played the organ music for the double ring ceremony.

Attendants
Mrs. Michael Kanerva of Romulus was matron of honor and Ralph Anderson of Milwaukee was best man. Mrs. Ralph Lancour was bridesmaid and Wayne Croasdell of Norfolk, Va., groomsmen. Ushers were Robert Hansen and Bruce Bartlett.

The bride, who wore a floor length white satin gown, trimmed with appliques, featured a bell-shaped skirt with a train was given in marriage by her father. Her fingertip veil was held in place with a pearlized crown. Her bouquet was white carnations and pink rosebuds.

The matron of honor wore a deep pink acetate sheath dress with a full overskirt. The bridesmaid was attired in light pink. Their bouquets were of pink pompons and carnations.

At Reception
During the reception at the Rock Lions club house, Mrs. Ralph Anderson cut the four tiered wedding cake. Miss Ruth Ranta and Miss Linda Mattila assisted with the opening of the gifts. Diane Croasdell was in charge of the guest book. Christine Kanerva and Mrs. Bruce Bartlett poured.

The newlyweds are both Rock High School graduates. He is employed with Snowden Corporation on road construction. She is secretary at the Rock Public Schools. They will reside at Rock Rte. 1.

Church Events

Christian Science Society
The materialistic view of man contrasted with the perfectibility of man in Christ will be the theme at Christian Science churches this Sunday. The subject is "Adam and Fallen Man."

Golden Text: "As in Adam all die, even so in Christ shall all be made alive" (1 Cor. 15:22).

References from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will include: "Mortals must gravitate Godward, their affections and aims grow spiritual,—they must near the broader interpretations of being, and gain some proper sense of the infinite—in order that sin and mortality may be put off" (p. 265).

Bethany League
The Junior Luther League will meet at Bethany Lutheran Church Wednesday.

Central Methodist
Meetings at Central Methodist Church Wednesday are: Junior Choir rehearsal for ship meeting at the church at children ages 7-14 at 4 p. m.; 8 p. m.

Highland Club Has Successful Closing Party

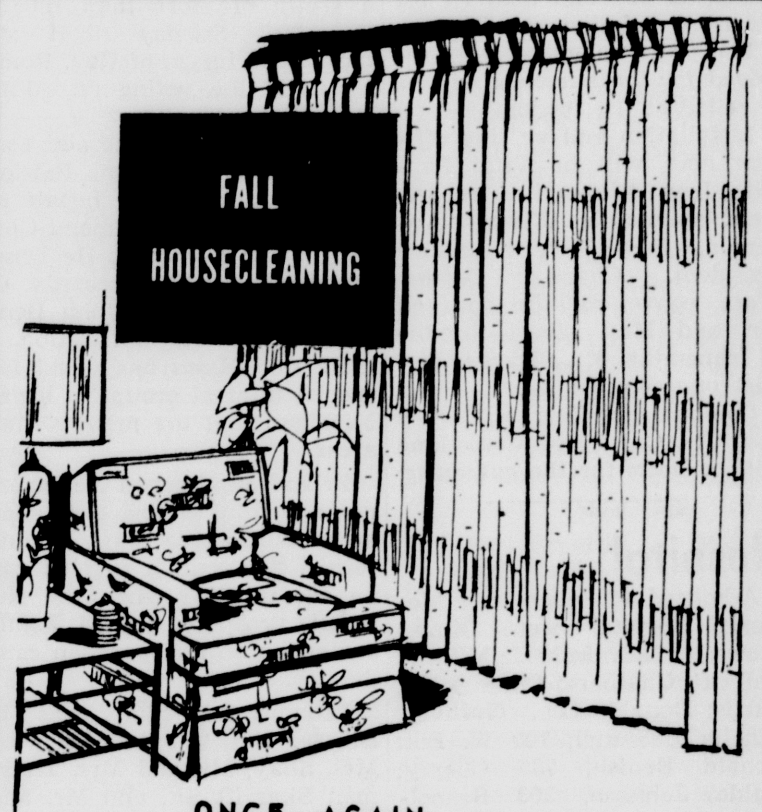

The Halloween "dress-up" dinner dance, closing party of the season at the Highland Golf Club, was a most successful and enjoyable affair.

The club house was realistically decorated with large cobwebs, spiders, pumpkins and ghosts. The many members and guests in funny and weird costumes added to the excitement and color.

Prizes for the most original costumes went to Mr. and Mrs. David Laakso; funniest, Mr. and Mrs. Gerald Hannemann; most unique, Dr. and Mrs. Donald Fitch.

After a delicious prime ribs dinner, dancing took the spotlight with music by Herb Peterson's orchestra.

Mr. and Mrs. Bernard Ammel were chairmen of the committee for the evening.

ONCE AGAIN

MANISTIQUE Welfare Agency Member Named

William R. Howe, 40, of Manistique, district forester for Mead Corp. has been appointed by Gov. George Romney to serve a 3-year term on the Schoolcraft County Social Welfare board.

He succeeds William Philion, who has served since 1948 when appointed by the late Kim Sigler.

Howe will serve with two county appointees on the board, Richard Freeland and Robert Ebli, chairman.

The new member has a master's degree in forestry from the University of Michigan and has

Democratic Rally Held At Germfask

Raymond Clevenger, Harold Beaton, Earl Walker and Einar E. Erlandsen, speaking before a group of more than 100 at Germfask Sunday night attacked the image of Gov. Romney, and the voting record of Rep. Victor Knox.

Harold Beaton, administrative assistant to Sen. Patrick McNamara spoke in behalf of the candidacy of Raymond Clevenger for Congress. He compared the voting records of Knox and the late John Bennett and the Administration.

He said Knox has voted for special interest groups in lower Michigan and the metropolitan areas.

Erlandsen attacked the governor's surplus claim and cited areas where the state is suffering, and said a surplus can be accomplished when the nation is prosperous. G. S. Johnson spoke on non-partisan candidacies.

Leonard H. Shay was in charge. Lunch was served by Mrs. Shay, Mr. and Mrs. Thurman Skarritt Sr., and Mr. and Mrs. Tel Skarritt. Sheriff and Mrs. Lloyd Gray assisted.

Large Group Goes To Flint

One of the largest delegations to the Flint Community schools workshop Oct. 28-30 was that from Manistique.

Making the trip were Mmes. Paul Larson, Elmer Flodin, Fred Prater, E. J. Thompson and Earl LeBrasseur, William Beaudoin, Don Messier, Frank Wareham, Joseph Wood, Don Skidds, Mr. and Mrs. Ben Mulhaupt.

The group left Wednesday by bus from Northern Michigan University with Don Butcher, community schools consultant, in charge and accompanied by a group from Munising, Hermansville, Iron Mountain, K. I. Sawyer and Gwinn. They returned Friday night.

Flint has 40 night schools, each with a community school director.

Cupid Undaunted: Four Ask Marriage Licenses Monday

On the eve of the national election, the county clerk's office at Manistique had four young couples apply for wedding licenses, a substantial increase over previous weeks.

Making the applications were: Janice Marie Leach, Gulliver, and Fred William Schoenherr of Fountain; Joan Lynne Creighton, 511 Oakland, St. Paul and Theodore Joseph Nemetz, 1703 Taylor, St. Paul; Frances Lou LaCroix, Gulliver, and Jimmie Alfred Cole, Germfask; Helen Joanne Harbick, 508 Arbutus Ave., and Oliver Ronald Peterson, Rte. 1, Ensign.

Asked if he had a comment on the significance of confidence shown by these, Fred Lesica, county clerk, said: "No comment on that particular matter."

Briefly Told

The Ladies Auxiliary of the Brotherhood of Railroad Trainmen will meet at the American Legion Hall at 8 p. m. today. Election of officers will be held.

Gladstone Volunteer Firemen will meet at the fire hall at 7:30 p. m. Wednesday.

Births

Mr. and Mrs. Kerry Burns, Germfask are the parents of a daughter, weighing 6 pounds, 10 1/4 ounces, born at the Schoolcraft Memorial Hospital Oct. 31. Mrs. Burns is the former Karen Harkness.

A son was born to Mr. and Mrs. John Selby, Curtis at Schoolcraft Memorial Hospital Oct. 31. The baby weighed 7 pounds, 11 ounces. The mother is the former Lillie Vincent.

Personals

Mrs. Howard Smith of Dallas, Tex. is visiting at the home of her parents, Mr. and Mrs. Henry Baker, 703 Garden Ave. and the home of her brother, Francis Baker. Also visiting at the Henry Baker home are Mr. and Mrs. Joe Baker, Green Bay, Wis.

Traffic Mishaps Kill Two Deer; Drivers Unhurt

There were four minor traffic accidents, three of them involving deer on the highways, investigated by State Police of the Gladstone Post on Monday. No motorist was injured but two deer were killed.

John Tardiff, 33, of Gladstone, struck and killed a deer on M-35 about one-half mile from Gladstone at 2 a. m. Monday; and Lloyd Bruce, 46, of Bark River, struck and killed a deer north of LaBranche at 7:30 a. m.

Robert Sharp, 21, of Kinchee Air Force Base, avoided striking a deer with his car but rolled the auto on the shoulder of M-35 just north of the Delta-Menominee county line, State Police reported. This was at 8:45 a. m. Monday.

The fourth accident, not involving deer, was near Pioneer Trail Park at 2:10 p. m. Monday in a collision of cars driven by Harland Foster, 70, of Treenary, and Anthony Marmalick, 39, Gladstone. No traffic summons was issued. There was minor property damage.

DuCheny Talks To Rotarians

Marvin DuCheny of Escanaba was the guest speaker at the regular meeting of the Gladstone Rotary Club Monday noon at the Yacht Club. H. G. Westcott was program chairman.

Guests at the meeting were Charles Folio and Arthur Moberg of Escanaba; Pepper Martin, Jeff Lamberg and Grant Hupy of Gladstone.

Briefly Told

The Ladies Auxiliary of the Brotherhood of Railroad Trainmen will meet at the American Legion Hall at 8 p. m. today. Election of officers will be held.

Gladstone Volunteer Firemen will meet at the fire hall at 7:30 p. m. Wednesday.

Personals

Mrs. George P. Hoffman of Clintonville, Wis., and her son, Father Phillip Hoffman of Oconto, visited over the weekend with her father, Joseph Grawey, 1407 Minnesota Ave.

Class Preserves School's Bell

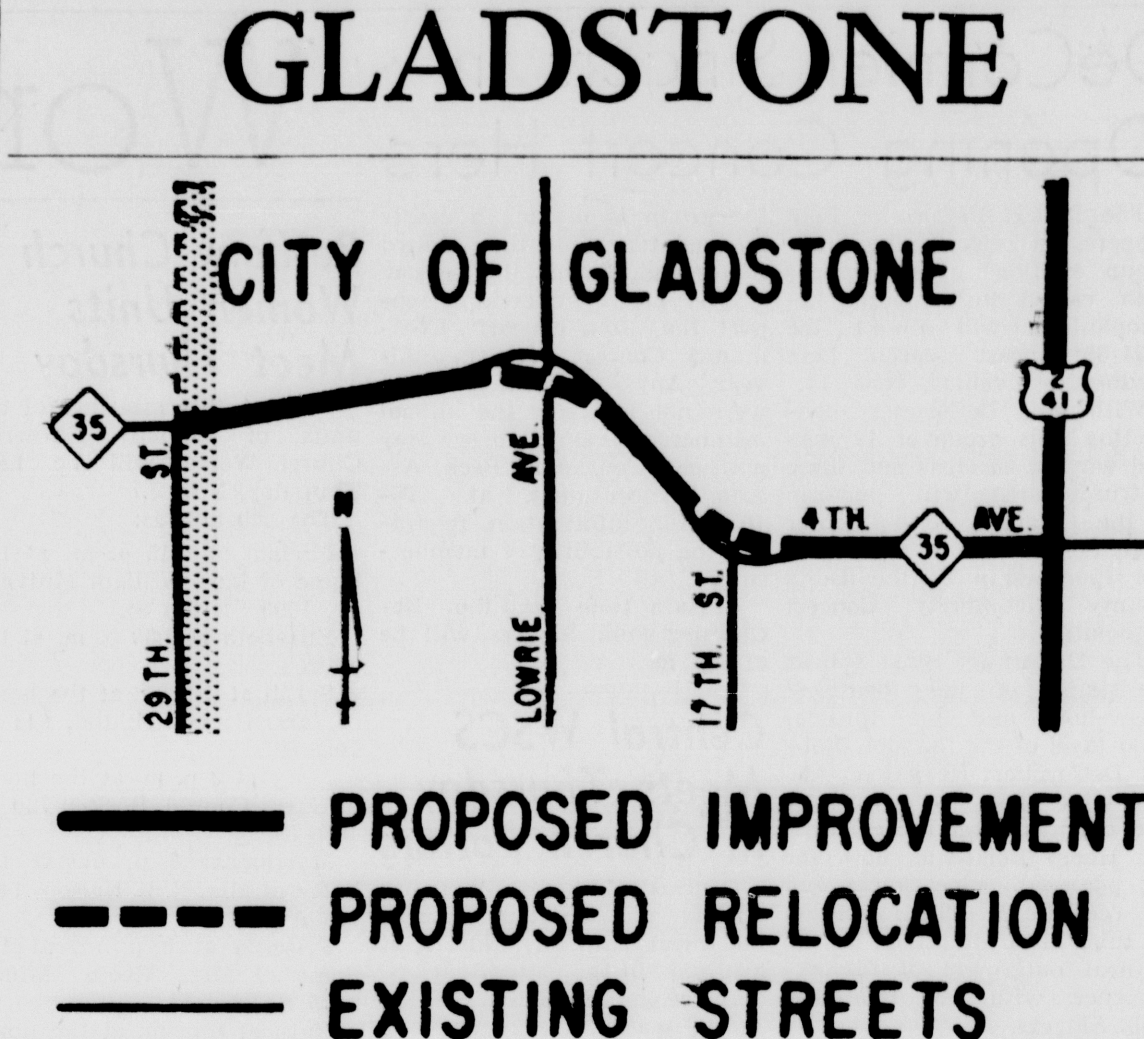

Gladstone has hung the bell from the Old Central School in a stand created for it on the James T. Jones School campus, where a bronze plaque explains "Old Central Bell: Class of 1963."

The standard holding the bell is in a planter on the west lawn of the campus with a walk to and around it.

Asked if the clapper were still in the bell so that it could still do duty in ringing out athletic victories, Supt. Wallace Cameron said "Oh, my, no. We fixed it so it can't be swung and we took the clapper out," said Cameron "because the school is in a residential neighborhood and kids will be kids. They still ping it with icicles, but that's not too bad. Can you imagine what it would be like if they could ring it?"

The Gladstone High School Class of 1963 provided the memorial standard for the bell.

The bell is from the old Gladstone Central School constructed in 1894 and razed in 1963 to make room for the new Gladstone High School building. The bell is rough cast and

THE MAP ABOVE shows State Highway Dept. plans for modernization of M 35 within the Gladstone City limits. Bids on the \$175,000 project will be let next spring, with construction work scheduled to begin early next summer.

Hearing Slated On M-35 Plans

State Highway Department plans for modernization of M-35 within the Gladstone city limits will be discussed at a public hearing at 8 p. m. Thursday in the City Hall.

John Knecht Jr., public hearings officer for the highway department, will conduct the meeting.

Unlike the squabble over the route of U.S. 2 and 41 several years ago, however, city manager H. J. Henrikson doesn't anticipate too much citizen objection to the M-35 plans.

Henrikson pointed out that the proposed improvements to M-35 will not involve the acquisition of right of way.

Proposed plans call for: 1. Widening from 18 to 24 feet between 29th and 17th streets, with minor relocations at the intersections of M-35 and 27th St., Lowrie Ave., and

- 17th St. to reduce existing sharp curves;
 2. Addition of a third lane (to be built on the south side of the highway) to carry truck traffic up the bluff between 17th St. and Lowrie Ave.;
 3. Widening from two to four lanes between 17th and 13th streets;
 4. Paving of the existing four-lane highway from 13th St. to U.S. 2 and 41.
- Contracts on the \$175,000 project are expected to be let next spring with construction work scheduled to begin early next summer.

SNYDER'S IGA GLADSTONE

Legless Prep Is Grid Star

BARRACKVILLE, W. Va. (AP) — Jack Rice is an average teen-ager except for one thing — he plays football with artificial legs.

Jack, 16, lost his legs just below the knees seven years ago when he was run over by a Gulf, Mobile & Ohio Railroad freight train near Nilwood, Ill. Despite that, he has been a regular on the Barrackville High School football team for three seasons.

A Circuit Court jury in Chicago awarded Jack \$115,000 Monday in a personal-injury suit against the railroad.

Jack moved with his family to this northern West Virginia coal-mining community three years ago. He is the son of Mr. and Mrs. George Rice, who also have five daughters.

Plastic Fittings
After the accident, doctors fitted Jack with a plastic sleeve just below each knee, over the remaining part of the lower leg, and joined it with an artificial rubber foot.

Each limb has only one joint, at the arch of the foot. The artificial limbs are lined with rubber socks. Regular size eight shoes fit over the artificial feet.

"They don't bother me a bit," Jack says, "I'm just not quite as fast as some of the other guys."

Jack said when he first tried out for the team, "I heard people say a few times that I couldn't play."

"But I didn't pay any attention — I didn't care what they said."

Wants To Play
"All my life I've wanted to play football."

Jack started as a defensive guard but now is a linebacker.

Coach Nathan Crezenzi says Jack is a "hard-nosed, smart player, extremely popular with his teammates."

An A and B student, he hopes to attend college next year and take a pre-medical course.

New CBS Yankees Sign Yogi; Ford's Arm Ailing

NEW YORK (AP) — The New York Yankees have passed into the hands of CBS. Yogi Berra has put his contract in the hands of the Yankees and Whitey Ford has put his shoulder in the hands of surgeons.

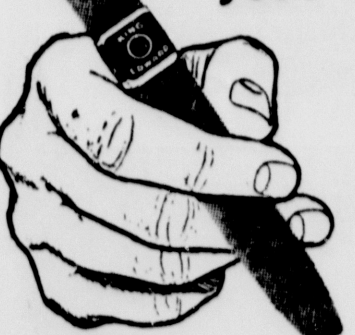

The much-discussed, much-criticized purchase of the Yankees by CBS became official Monday with only a terse, 54-word statement confirming the transaction that brought co-owners Dan Topping and Del Webb \$11.2 million for 80 per cent of the club.

There had been speculation that the transaction might bring about an antitrust suit. The Justice Department has acknowledged that it is investigating the sale but has given no indication as to its ultimate decision.

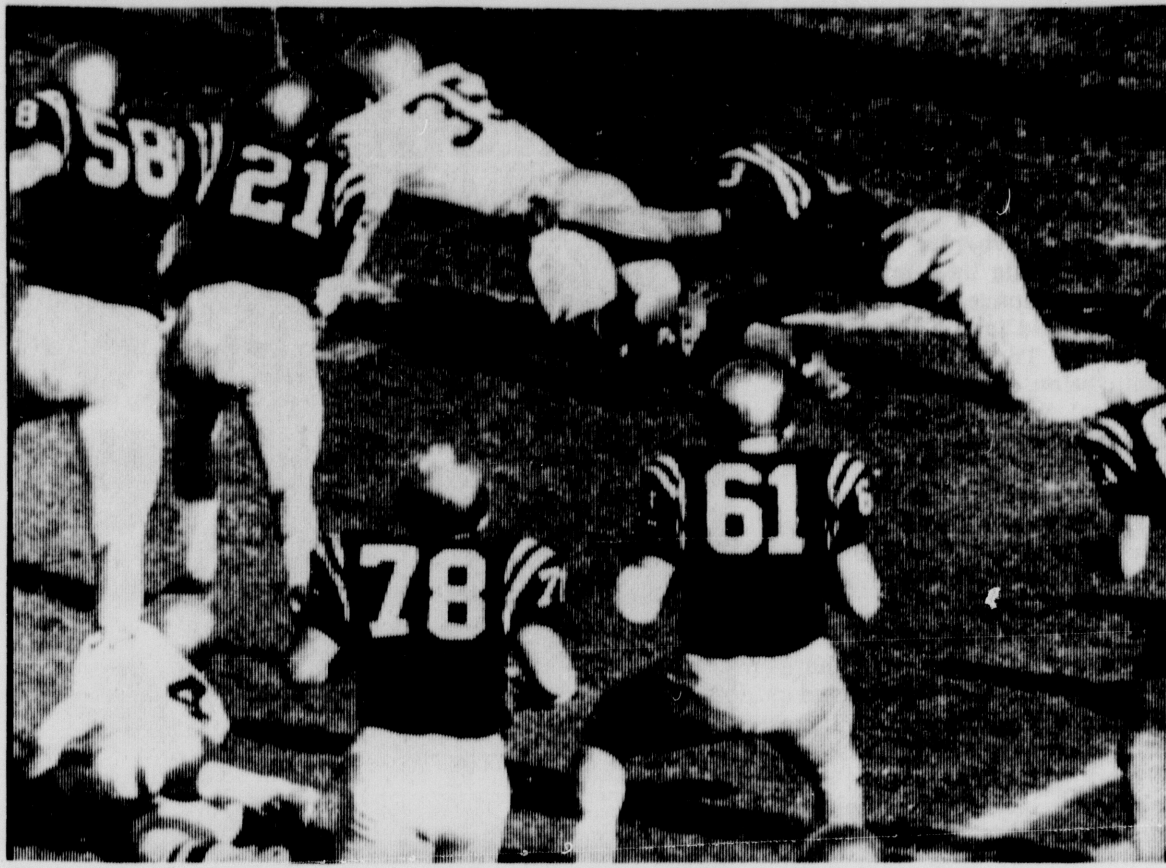

Under the terms of the deal, Topping remains president of the Yankees with a five-year contract while Ralph Houk, who was raised to vice president, also will continue as general manager.

Signed For 2 Years
Berra, who was not allowed to continue as manager and was replaced by Johnny Keane,

Have you tried a King Edward yet?

It's the largest selling cigar in the world.

NOTRE DAME spirit, lost through lean seasons of late, has returned in full strength. Typical of the pride which has carried the Irish to the top of the Associated Press football poll was Bill Woiski's (35) run against Navy last Saturday. Chased by six Navy men, Woiski still scored this touchdown in a 40-0 Notre Dame victory. Giving chase are Navy's Harry Dittman (58), Jim Angel (21), Ed Orr (33), Fred Moosally (78), Gene Hardman (61) and Tony Broomall (80). (AP Wirephoto)

Notre Dame Jumps Past Bucks In Poll

By The Associated Press

Notre Dame, assured of its first winning season since 1958, stormed to the top of The Associated Press major college football poll today, gaining a narrow margin over Ohio State, leader for the previous two weeks.

The revitalized Irish, unbeaten in six games, drew 29 of 48 first-place votes and 460 points in the weekly poll of sportswriters and sportscasters. The Buckeyes, also 6-0, received 11 votes for the top spot and 424 points over-all.

Notre Dame moved to the front with a surprisingly easy 40-0 triumph over Navy last Saturday. At the same time, Ohio State had trouble outlasting Iowa 21-19.

The next four teams in last week's rankings held their positions—Alabama third, Arkansas fourth, Nebraska fifth and Texas sixth. Oregon, No. 7 last week, dropped from the top Ten as a result of its 10-8 loss to Stanford.

Purdue Rated 10th
Georgia Tech climbed from eighth to seventh, Louisiana State ninth to eighth and Florida 10th to ninth. Purdue took over the No. 10 spot.

The Irish have four games to go in their bid for their first unbeaten season since 1953 and their first unbeaten, untied year since 1949 when they last won the national championship.

Coming dramatically to life under Coach Ara Parseghian after an extended period of mediocrity, Notre Dame has won six games for the first time since 1958 when its final

record was 6-4. The Irish will try and make Pitt their seventh victim this Saturday at Pittsburgh. Michigan State, Iowa and Southern California follow on the schedule.

Win On Passing
The Irish have moved to the

Wittenberg Tops Small Colleges In AP Grid Poll

By The Associated Press

The unbeaten Wittenberg Tigers rolled over Ohio Wesleyan 40-7 last Saturday and rolled over the opposition again in the weekly Associated Press small-college football poll.

The Tigers commanded first-place votes on 12 of the 16 ballots Monday from a panel of writers and broadcasters. No other team had more than one.

Although Wittenberg continued to hold firm to the top spot with 139 points, Prairie View of Texas and Florida A&M remained strong contenders in second and third place, respectively, with 104 and 102 points. The Top Ten teams with first-place votes in parentheses and points on a 10-9-8 basis:

1. Wittenberg (12)	139
2. Prairie View	104
3. Florida A&M (1)	102
4. Louisiana Tech (1)	98
5. San Diego St.	76
6. Los Angeles St.	60
7. Texas A&I	38
8. Minn. Concordia	30
9. Arkansas St. (1)	24
10. Massachusetts	23

head of the nation's major college teams behind the record-breaking passing combination of quarterback John Huarte and end Jack Snow, neither of whom did anything outstanding last season.

"The ability was there, of course," said Parseghian, "but they never were able to distinguish themselves."

Top Ten teams with first-place votes in parentheses and points on a 10-9-8 basis:

1. Notre Dame (29)	460
2. Ohio State (11)	424
3. Alabama (7)	385
4. Arkansas (1)	310
5. Nebraska	259
6. Texas	175
7. Georgia Tech	174
8. La. State	116
9. Florida	90
10. Purdue	85

Wolverines Drill On Pass Plays For Illini Tilt

ANN ARBOR (AP)—Passing took the spotlight at Monday's University of Michigan football practice.

The offensive unit concentrated on pass plays, running varied long and short patterns. The defense, meanwhile, worked on stopping the aerial attack of Illinois, the Wolverines' Saturday foe.

Defensive halfbacks Dick Rindfull, bothered by a shoulder injury and Rick Sygar, hampered by an ankle injury, did not practice Monday. Halfback Carl Ward was ill and did not work out. But Coach Bump Elliott said he expects all three back today.

Defensive tackle Bill Yearby, who suffered a minor shoulder injury against Northwestern, was running with the team Monday.

Injuries Temper Spartan Plans For Purdue Game

EAST LANSING (AP) — A pair of injury reports today tempered some of the elation felt at Michigan State over the 22-6 victory Saturday against Wisconsin.

Steve Yarian, a sophomore guard, suffered a shoulder separation in the game and will be out for the rest of the season.

Also sidelined for the remainder of the fall will be Doug Roberts, the senior end from Detroit, who has been bothered by a knee injury.

The Spartans, meanwhile, are trying to cook up some surprises for Purdue, the opponent at East Lansing this Saturday. The Boilermakers have made a habit in the past of knocking off State when the team was riding high. MSU would like to do the same at this critical moment when Purdue is tied for the Big Ten lead with Ohio State.

Coach Duffy Daugherty said today his team has showed steady improvement, particularly citing the passing of Steve Juday, the receiving of end Gene Washington and the running of Dick Gordon, who reeled off 199 yards against Wisconsin.

CORRECTION

It was guard Dick Roman, not Jim Carlson, who scampered 30-yards with a fumble for Gladstone's second touchdown in a 28-6 victory over L'Anse Saturday. Carlson helped force the fumble.

Lehigh's football team won the first Lambert Cup, emblematic of Eastern gridiron supremacy, in 1957 and was first to win second in 1961. Athletic Director William B. Leckonby coached both teams.

Loss Drops Kingsford To 4th In State Ranks

By The Associated Press

Unbeaten Albion, aided by an upset loss by Kingsford, moved into first place in Class B in this week's high school football poll conducted by The Associated Press.

East Lansing (7-0) retained the top spot in Class A—but by only two points over Flint Central (7-0). Elsie (7-0) increased its margin in Class C-D.

For the first time this year, the standings in C-D were all

most without change. The big shakeups took place in the rankings among the state's bigger schools.

Saginaw Arthur Hill advanced four places to finish third in the Class A balloting by the AP's statewide panel of sports writers and sportscasters.

Traverse City dropped from second to fourth, Bay City dropped to sixth and Kalamazoo Central moved up two notches to seventh.

Former state champion Ann Arbor placed ninth and Dearborn Edsel Ford made its first appearance by taking tenth.

Kingsford fell to fourth place in Class B behind Buchanan and Dundee. St. Louis and Detroit St. Ambrose moved up to take fifth and sixth, respectively.

The only new Class B team was Fenton which tied Hillsdale for the last spot among the top ten.

SEC May Ask Tulane Ouster

BIRMINGHAM, Ala. (AP) —

The Southeastern Conference probably will ask Tulane University of New Orleans to resign or disassociate itself from the league when it meets in Atlanta in January, the Birmingham Post-Herald said in today's editions.

In a story by sports editor Bill Lumpkin, the newspaper said the action probably will be taken because Tulane does not meet the requirement of a minimum of six SEC games on its 1966 football schedule.

Tulane meets the specification for 1965.

Article 10 of the SEC by-laws says "Each member institution must schedule a minimum of six conference football games each year."

SEC Commissioner Bernie Moore said he would have no comment.

Tulane Athletic Director Rix Yard said of the Post-Herald story: "I know of no official word from SEC Commissioner Bernie Moore or President Ralph B. Draughon of Auburn."

"Tulane's position regarding remaining in the conference is the same today as it was last week. I know of no plans for Tulane's withdrawal from the conference."

When Tulane released its 1965 and 1966 schedules last week, it was noted that only three SEC teams were on the 1966 list, in addition to former SEC member Georgia Tech.

Tulane has not won a league game since 1961, and has lost 24 of its last 26 outings.

Royals' Big O Out Of Action

CINCINNATI (AP)—The Cincinnati Royals said Monday that Oscar Robertson's eye injury was not serious but that he may miss the next three games.

Robertson suffered a mild contusion of the membrane covering the outer left eye in a National Basketball Association game Sunday night with the Detroit Pistons, which the Royals won 114-101.

The Pistons' Eddie Miles jammed a finger into Robertson's eye late in the third quarter.

Cincinnati is idle until the weekend, when it plays three games.

Middleville, Watervliet, St. Charles and Fowlerville followed Elsie in Class C-D. The latter team was making its first appearance in the elite group this season.

Galesburg-Augusta returned to the C-D ratings by placing ninth.

Portland, St. Joseph Catholic and Akron-Fairgrove all dropped out. There were 11 teams rated in this class last week, three of them tying for tenth place.

Fourteen of the 31 schools ranked this week have unblemished records.

The voting, with points based on 10 for a first-place vote, 9 for a second, etc. through 1 point for a 10th-place vote:

Vikings Obtain Giants' Lineman

MINNEAPOLIS - ST. PAUL (AP)—The Minnesota Vikings acquired lineman Ken Byers from the New York Giants on waivers Monday.

Byers, a 6-foot-1, 240-pounder, is in his third season in the National Football League.

Last year, he saw action in all 14 Giants games, sharing the right offensive guard duties with Bookie Bolin.

Fight Results

By The Associated Press

TOKYO — Katsumi Yabe, 132½, Japan, knocked out Sugar B. Yusov, 137, Malaysia, 3.

SAN JOSE, Calif. — Roger Rischer, 197, Oakland, knocked out Willie Richardson, 195, San Jose, 11.

Braves Charge County Attitude Broke Agreement

MILWAUKEE (AP) — The

Braves, checked by a temporary restraining order in attempts to move to Atlanta, have claimed in a court reply that Milwaukee County broke an agreement that requires the National League baseball team to play its 1965 home games in County Stadium.

The Braves said an "unwelcome, antibaseball atmosphere was developed (in Milwaukee) as a result of reckless, irresponsible statements by county leaders and others."

The Braves' arguments were contained in an answer filed Monday in U.S. District Court in Milwaukee, and made public at the Braves' offices in Chicago.

In related developments: John McHale, the Braves' president and general manager, said the club's 1964 tax return will show a loss estimated at half a million dollars.

Rep. Henry Reuss, D-Wis., asked Baseball Commissioner Ford Frick to "take the leadership" in presenting to a special meeting of major league owners this week a three-point plan for expansion of baseball by next season, for a player draft and for pooling television revenue.

And Milwaukee County Board Chairman Eugene Grobbschmidt discussed possible antitrust developments in a letter with

Rep. Emanuel Celler, D-N.Y., chairman of a House judiciary subcommittee.

The Braves said in their court reply that while the rental contract for County Stadium runs through Dec. 31, 1965, there was "an implied covenant that the County of Milwaukee would not interfere with, obstruct or frustrate the Braves' enjoyment of the lease."

They argue that Grobbschmidt, "in malicious disregard of such covenant, broadcast public statements implying that persons of responsibility in the Braves' management were deliberately trying to have the Braves not win games."

The club also said that McHale had moved his family from their suburban home after "flagrant, open and notorious public hostility to this defendant engendered by this (county's) attitude."

The Braves said that by "these various breaches, the County of Milwaukee deprived the Braves of its lawful rights and relieved it from any further performance under the lease."

Grobbschmidt and other county officials declined comment. The National League has put off until the court actions are completed any decision on the Braves' plans to move to Atlanta.

Olympian Picks Clay Over Liston

PHILADELPHIA (AP) — Joe Frazier, 1964 Olympic heavyweight boxing champion, picked world heavyweight champ Cassius Clay to defeat Sonny Liston in their return bout this month in Boston.

"Clay is in better physical shape," Frazier told the Touchdown Club's weekly luncheon Monday. "You know, it's tough to beat a guy who came up from the Golden Gloves and went on to win in the Olympics."

Hotnew

Dodge at a new lower price.

Coronet '65—the best-selling new car in Dodge history. And why not? Coronet comes on big in all departments. Inside, full-size room and comfort. Up front, a choice of seven engines ranging to 426 cubic inches. On the rear window stickers, prices that begin lots lower than those of any full-size Dodges in years. Everywhere, more fun. In the Coronet 500 shown, for example, bucket seats, console, carpeting, all-vinyl interiors, padded dash and V8 engine are standard. And clean, eye-catching beauty? That's Coronet all over. Who says you can't please all of the people? Coronet's sure going to give it a try. Drive one soon.

Peninsula Potpourri

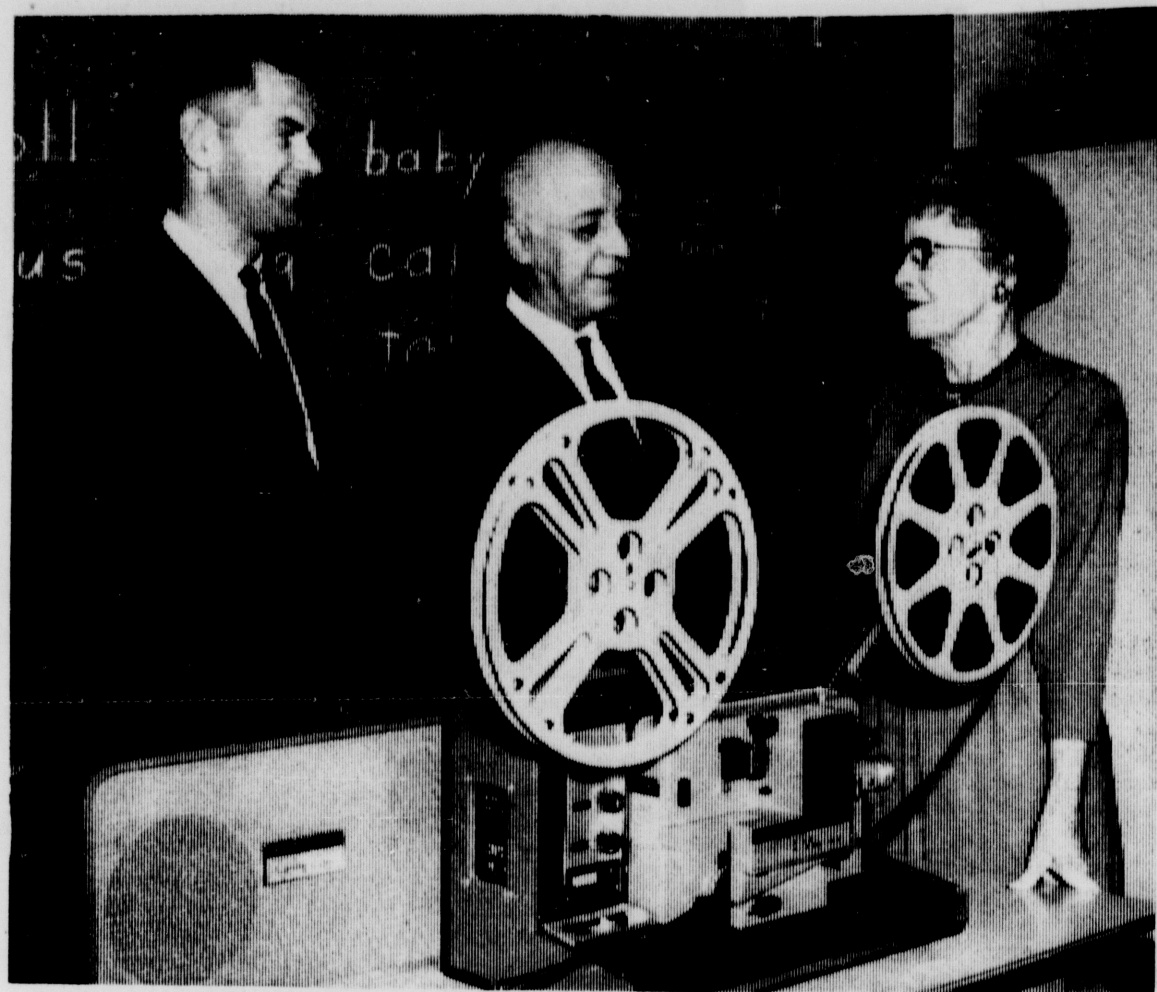

MARQUETTE—Voters today will decide whether to establish a separate light and power board to manage the city's utility. It would take a three-fifths majority. The Marquette city commission has endorsed the proposal, which would take the department from its jurisdiction.

IRON MOUNTAIN — The Tourist Division of the Dickinson County Area Chamber of Commerce wants development of more tourist attractions. Suggested at a meeting here were use of the Pickands Mather Co. property at Lake Antoine as a scenic lookout. Preliminary steps have been taken to locate lookouts and other points of scenic interest in the Norway area. Dale Ward and Clifford Brin will attend the Chicago Ski Show Nov. 6-8.

SAULT STE. MARIE—Two men are held in the jail here after a stabbing at a LesCheneaux High School dance and a 120-mile-an-hour chase by state police. Held are Donald Brosco, 19, of M-129 and Eugene Causley, 21, of Barbeau. The men were accused of trying to crash a Halloween party and when asked to leave by the teacher scuffled and inflicted a knife wound in the hand of Herbert Kangas, a teacher.

CALUMET—There will be opposition for only one county office today in Keweenaw. Theodore E. Rogers, Republican incumbent, will be opposed by John A. Saari, but what the office is isn't mentioned. (Presumably everyone in Keweenaw knows.)

MENOMINEE — Norbert L. Sprouse, treasurer of Vernco Corp. of Newport, Tenn., which purchased Menominee's Signal Electric plant last week, reports that limited production under its schedule will begin within 30 days. William H. Caley, manager of the plant for King-Seeley Thermos Co., will be retained and Robert Winther, will stay as chief engineer. Sprouse said the new owners hoped to have 150 employed in a year. Vernco makes ventilating fans, humidifiers, filters for air conditioners and furnaces and auto parts.

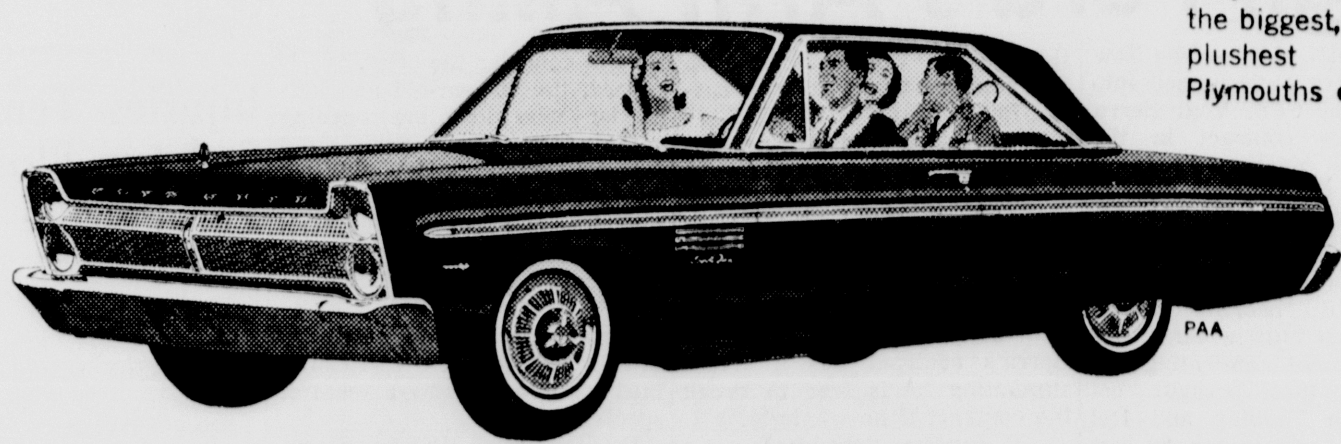

MEMORIAL TO THE late Walter Dickson is this motion picture projector presented by the Kiwanis Club to the School for Retarded Children. Pictured (from left) are Dr. William Hemes, president of the Kiwanis Club, Albert Valind, representing the School for Retarded Children, and Mrs. Dickson, widow of the late Kiwanis Club officer, whose gift helped make the memorial possible. (Daily Press Photo)

COMPLETING PLANS for the United Commercial Travelers Auxiliary annual card party for the benefit of the John F. Kennedy School for Retarded Children, are, from the left; Mrs. Gilbert Bast, decorations committee; Mrs. Clarence E. Zeno, refreshments; Mrs. Wayne St. Pierre, publicity; Mrs. Robert Coan, decorations; Mrs. John Sankovich, assisting general chairman; Mrs. Gerald Babel, general chairman. The public party will be held Wednesday evening, Nov. 4, beginning at 8 at St. Joseph's Parish Hall. (Daily Press Photo)

Oil Industry Files Appeal To Halt Gas Line

U. P. Fuels Research, Inc., an organization of Upper Peninsula fuel oil and coal dealers, filed suit in Ingham County Circuit Court in Lansing on Oct. 30 to stay an order of Michigan Public Service Commission on Oct. 1 authorizing Michigan Consolidated Gas Co. of Detroit to build a U. P. natural gas pipeline.

The Fuels Research action came just before the 30 day deadline on appeals from the Public Service Commission order authorizing the gas pipeline.

The suit of Fuels Research, headed by John Welch of Escanaba, followed its intervention in the Lansing hearing of the Public Service Commission which resulted in authorization of the pipeline. Fuels Research said in intervening that its member fuel oil and coal dealers had a large investment in the U. P. and gave substantial employment and that both would be jeopardized by the building of a gas pipeline.

Its witnesses testified that Michigan Consolidated had erred in overstating the market potential in the U. P. for a gas pipeline and that failure of the line would harm U. P. employment and investments.

Appeal Pleadings

The Public Service Commission ruled that Mich. Con's estimates were factual and feasible and that Fuels Research had not proved its claim and it authorized the pipeline. Fuel Research's appeal by circuit court action followed late last week.

Hugh Daly, executive vice president of Mich. Con, said the suit is a delaying action which could upset Mich. Con's plans to start construction of the pipeline next spring unless there is speedy hearing at Lansing of Fuels Research's plea that it had not been given opportunity to examine certain Public Service Commission records, or to present testimony on the records.

Fuels Research also pleaded that the commission didn't conduct a comparative hearing between the proposals of Mich. Con and of Northern Natural Gas Co. of Omaha, which also proposes to build a U. P. natural gas pipeline.

Both Mich. Con and Northern Natural are now asking the Federal Power Commission to authorize them to build U. P. gas lines and to allocate them a supply of gas for the U. P. Mich. Con proposes to serve the southern U. P. from Iron River to Rapid River including Escanaba-Gladstone from the end of Michigan Wisconsin Pipe Line Co.'s line at Menominee. Northern Natural proposes to serve all the U. P. west to Escanaba from a line extended from Duluth.

Working On Line

Fuels Research testified at Lansing that it was opposed to a U. P. gas pipeline by either company.

Daly said two authorizations were necessary to build Mich. Con's line. The one obtained from the State Public Service Commission, which is now held up by Fuels Research's suit, and the one sought from

the FPC. Meanwhile Mich. Con is moving ahead in hope of starting construction next April by:

1. A survey just completed of the Escanaba municipal gas distribution system as a preliminary to Mich. Con's determination of a price to offer for acquisition of the facility if Escanaba votes to sell it.
2. An engineering survey of the gas pipeline route now underway.
3. A current engineering study of the distribution systems on the pipe line.
4. A legal task force's current work to obtain right-of-way for the pipe line.
5. Construction contractors' visitation before freeze-up and snow cover of the pipe line site to prepare their bids for construction.

Voting Heavy In Escanaba

Voting is heavy in Escanaba today, according to a check of ballots cast shortly before noon, reports City Clerk Don Guindon.

Of the city's 7,965 registered voters an estimated one-third had voted before noon, considered a heavy outpouring for the early hours of the day, the clerk indicated.

In addition a total of 750 registered voters had voted by absent voter ballots ahead of election day. These absent voter ballots will be counted after the polls close tonight.

The polls opened at 7 a. m. today and will continue open until 8 tonight. Persons in line at 8 p. m. will be permitted to vote.

Escanaba's No. 1 precinct with 1350 registered voters had 402 votes cast before noon; Precinct 2 with 705 registered had 215 voters; and Precinct 3 with 1076 registered had 315 votes to noon.

Precinct 4 had approximately one-third or 340 votes cast before noon of its total 1030 registration; and the situation was similar in Precinct 5 with 243 of 872. Other precincts showed similar heavy voting trends.

City Clerk Guindon had appealed for early voting and it seemed the voters had responded with an outpouring that is expected to relieve the rush later today.

Rebels In Congo Hold Americans To Stop U.S. Aid

LEOPOLDVILLE, the Congo (AP) — An intercepted radio message says Congolese rebels will hold the 60 Americans and about 800 Belgians in the Stanleyville area until the U.S. and Belgian governments halt military aid to Premier Moise Tshombe's Congo government.

The radio message said the Americans and Belgians have been placed under house arrest by the rebels, who have proclaimed Stanleyville capital of their Communist-backed "Congo People's Republic."

The message was sent Oct. 29 over the signature of the Belgian consul in Stanleyville, Baron Patrick Nthomb.

The Americans include missionaries or teachers at Stanleyville's new Protestant University and five members of the staff of the U.S. consulate in Stanleyville.

Chips And Splinters

Contributions To Chips Welcomed

Sheer prominence is enough to get famed businessmen's ideas into print, but Frederick R. Kappel, chairman of the board of directors of American Telephone & Telegraph Co. has something more going for him. leader in national economics, he speaks at many gatherings of businessmen, educators and others.

Selections from his talks and papers have been gathered in "Business Purpose and Performance."

Of research: "Large-scale research by the Bell System is not merely an advantage. It is a necessity. Keeping ahead in research also gives us opportunity to use the discoveries of others, in exchange for our giving them the right to use our inventions which are important to them. This helps keep the cost of telephone service down."

On management: "The continuing essential is that we have real freedom to manage. Good earnings and good profits are fundamental to our ability to make the investments in the future that produce progress. Regulation, necessary as it may be, must still leave room for adequate incentives and adequate rewards."

On government: "Let us get over the habit of going to people in government when we need something, and ignoring them when we have nothing to ask for. Let us rather, as their constituents, invite them on all suitable occasions to tell us what they have been doing. Let us invite them also to see what we have been doing."

Business in politics: "All of us hear that business should 'get into politics,' that with labor or already in there pitching to get candidates nominated and elected; business, as such had better do the same."

"I think this idea can do great harm. The reason it would fail is that any time the people of this country decide that their elected representatives have been maneuvered into office by a particular group, be it organized business or organized labor, they will, and they should, vote them out."

On growth: "No business will contribute to economic growth if it doesn't make it self continuously more efficient. The Bell companies, with about 50 per cent more employees today than at the end of the war, are serving nearly three times as many telephones. There are more jobs—about 200,000 more—but each job today has behind it some \$41,000 of investment, nearly three times as much as 15 years ago."

"If we had the same number of operators today per 10,000 telephones that we had when dial service started about 40 years ago, and if all connections were still made by hand, we would need about a million operators right now, but this couldn't happen because we couldn't sell 1920-type service in 1961 at the price we would have to charge to pay our wage bill, so we wouldn't have the customers or the jobs we have today."

On financing: "It has become impossible for corporations to recover their true capital costs in depreciation charges. The net result is that taxes on income have in fact been consuming capital—a process that destroys part of our resources and stunts economic growth."

On labor: "As labor costs rise, more and more investment tends to be, inevitably has to be, for modernization and improvement. The tendency is increasingly to substitute capital for labor. . . . The tighter the profit squeeze, the tougher the problem of employing everybody who needs work and wants to work."

On facts: "What we need in economic life is realism. The facts are that prices are determined by competition and/or regulation, profits have deteriorated, wages have not stayed inside the elbow room, and employment is incomplete. . . . It would be realistic to abandon the notion that productivity increases with clock-like regularity, and that we can let the calendar, rather than the facts of life, be decisive in wage agreements."

Frederick Kappel began his career digging holes for telephone poles in his native Minnesota.

Powers-Spalding

BELL PROGRAM

The Handbell Choirs of the Moravian Church of Daggett will present a concert of bells on Sunday Nov. 8, at 8 p. m. in the church sanctuary when hymns and anthems will be sung by the choir. Special numbers on the program will include a handbell solo, instrumental numbers and a vocal duet.

'SOUTH PACIFIC' tickets are now on sale and the first sale was made to (right) Walter Lewke, manager of the Escanaba Chamber of Commerce. Jack Magnuson (left) of the Area High School faculty shows the seating arrangement. 'South Pacific' will be presented Nov. 30 and Dec. 1, 3 and 4. (Daily Press Photo)

Production Still Spotty At G.M.

DETROIT (AP)—All five car making divisions of General Motors were in operation today, marking the first time they have operated simultaneously since GM was struck Sept. 25.

Cadillac Monday became the fifth and final GM unit to resume production. It expects to build the 3,000,000th car in Cadillac's history on Wednesday.

The GM production picture remained spotty, with about 14 of the firm's 130 bargaining units still idled because of unsettled local issues with the United Auto Workers. GM-UAW teams sought to wind up the final agreements as soon as possible.

Oldsmobile's main plant at Lansing has turned out no cars, but some Oldsmobiles have been built at a Buick-Oldsmobile-Pontiac assembly plant in Kansas City, Mo. The main Olds plant was expected to resume assembly line operations by midweek.

The Lansing Olds plant has been ready to roll for over a week but resumption of assembly lines was held up by body shortages. These were eased late last week when the UAW and the Lansing Fisher Body local reached agreement.

Chrysler and American Motors production facilities were operating normally this week, but Ford Motor Co. faced the possibility of a strike Friday at some of its 90 bargaining units.

The UAW has given the locals strike sanction if agreements are not reached by the deadline. As of Monday, about 20 Ford local units still were unsettled.

Sharon Swaer Named Head Of Garden Club

GARDEN — Sharon Swaer was elected president of the Garden 4-H Club at an organization meeting held Thursday night at the school.

Elected to serve with her are: vice president, Rose Tatro; secretary, Lael Rasmussen; treasurer, of girls 4-H, Linda Swaer; treasurer of boys 4-H, David Cota; flag leader, Darla Plante; recreation leaders, Virginia Willet and Susanne Bodette; reporter, Mary Spaulding.

4-H projects were planned for the winter. In lieu of dues several money making activities were planned. The first, a cake walk, will be held after the next P.T.A. meeting. General meetings will be held every month and project meetings every week. The knitting group meets Wednesdays after school and has already had two meetings.

Members participated in games and singing after the business meeting.

Drive Launched For Dormitory At Soo Tech Branch

SAULT STE. MARIE (AP)—A public subscription drive was inaugurated Monday to raise \$200,000 for construction of a dormitory at the Soo branch of Michigan Tech.

The drive is sponsored by the Sault Ste. Marie Chamber of Commerce, which contemplates the new dormitory would result in the college here becoming a full-fledged four-year school.

The dormitory is to be donated by the public; furnished by Michigan Tech.

Isabella

Mrs. Esther Bonifas returned from Cleveland where she visited her daughter, Mrs. William Beligen, and family.

Mrs. Charles Blowers has returned from Hutchinson, Kans., where she visited her niece, Mrs. J. E. Hally, the past two months. While there she had major surgery and now is recuperating at home.

Election Board

Serving in the 2nd precinct on the Garden Township election board Nov. 3 will be Mrs. Harvey Sundin, Mrs. Raymond Nedeau, Mrs. Francis Nedeau and Mrs. Ross Guertin.

Mr. and Mrs. Pat Bourgeois of Des Plaines, Ill., Miss Marie Bourgeois of Sacramento, California, Mr. and Mrs. Burton Peterson, Hanover Park, Ill., and Clifford Bourgeois of Flat Rock in Lower Michigan will arrive Friday to attend the wedding of Helen Harbick and Ronnie Peterson, which is taking place Saturday, Nov. 7.

Briefly Told

Escanaba police have issued a traffic court summons to Adolore Boudreau, 226 N. 11th St., for improper backing and expired operator's license.

Parley To Hear Detroit Editor

The annual Upper Peninsula Conference on Student Publications will be held at Escanaba Area High School Saturday, sponsored by the University of Michigan with the cooperation of the Michigan Interscholastic Press Association, Northern Michigan University and the Michigan Education Assn.

Between 300 and 350 high school journalists and their advisers will be addressed by Frank Angelo, managing editor of the Detroit Free Press on "The Students Future in Journalism."

The conference will be summarized before adjournment by Prof. John V. Field, U-M Department of Journalism, Ann Arbor.

The conference will devote its efforts to helping students improve their high school newspapers and their yearbooks. Inquiries concerning the conference may be directed to the University of Michigan Extension Service, P.O. Box 394, Escanaba.

Students from this area participating will include: Escanaba: Rosalie Breault, Escanaba Area High School, chairman of the morning general session; Judy Henslee, Escanaba Area High School, chairman of the final general session. Chairmen and recorders are Bill Storbeck and Jeff Jurmu of Escanaba Area H. S.

Six Guardsmen In U.P. Are Honored

DETROIT — The Free Press military achievement awards honoring Michigan's outstanding citizen soldiers will be presented on Veterans Day, Nov. 11, here at the annual parade. The awards will go to 64 enlisted men in the Army Reserve and Michigan Army National Guard, 6 of whom are from the Upper Peninsula.

The U.P. guardsmen receiving the award are: 1st Sgt. Ross D. Klagstad, 125 S. 3rd St., Manistique, Co. D, 107th Engineer Battalion; 1st Sgt. Andrew L. McIntosh, Iron River, Battery B, 3rd Battalion, 182nd Artillery; Specialist 4-c Ronald D. Sharpe, Ironwood, Battery A, 3rd Battalion, 182nd Artillery; Pfc Jerry L. Thill, Marquette, Co. 5, 107th Engineer Battalion; M-Sgt. Gerald H. Turner, Calumet, 309 Engineer Co.

His other daughter, Joanne Ross, with her husband Thomas and four children, was due later today. The Rosses were in Torrance, Calif., where they will vote.

Michigan Sailor Held In Robbery

FALL RIVER, Mass. (AP)—Tory M. Barger, 27, a U.S. Navy sailor from Spring Lake, Mich., was held in \$1,000 bail Monday to face hearing next Friday on charges of being an accessory to robbery and contributing to the delinquency of a minor.

Barger, assigned to USS Investigator at Davisville, R.I., was arrested Saturday night. A juvenile also was held as a delinquent, charged with obtaining \$143 in a store holdup in which the 15-year-old boy told clerks he had a gun in his pocket.

Garden Peninsula

Entertains Circle

Mrs. Clara Potvin entertained members of Our Lady of Fatima Circle of St. Thomas parish Escanaba at her home recently. She was a member of the Circle when she resided in Escanaba. The ladies enjoyed a seven o'clock dinner and card games. Prizes were awarded to Mrs. Wilfred Doucette, Mrs. Henry Richer and Mrs. Gordon Anderson. Others present were Mesdames Sadie LeBlanc, Ernest Benoit, Henry Deloria, Edward Gouin, Gerald Bergeon and Phil LaMarch.

FOR YOUR PROTECTION

BILL PERRON
ANSWERS YOUR INSURANCE QUESTIONS

QUESTION: If in an emergency I have the delivery man at my store use my private car for deliveries, does my ordinary automobile liability insurance cover me?

ANSWER: Yes, so long as it is an emergency and not your regular practice. If your car was used regularly for deliveries you'd apply for insurance in a different classification.

This public service is our way of advertising. Your insurance questions will be answered without charge or obligation if you'll send or bring them to:
